Conferences Must Continue, Kennedy Says

By WHITNEY SHOEMAKER
WASHINGTON — Despite un-
substantiated signs of an East-West
stalemate, President Kennedy
says the Geneva disarmament
conference and its sideline talks
on Berlin must go on.

And he is gratified by Soviet
Premier Khrushchev's declared will-
ingness to cooperate with the United
States on outer space projects.

At his news conference Wednes-
day, Kennedy acknowledged there
is a basic difference between U.S.
and Russian positions at Geneva
on policing a nuclear test ban. He
said "there is no evidence that
we are going to quickly reach a set-
tlement" on Berlin or Southeast
Asia.

Kennedy asserted, however,
that he is not prepared to aban-
don the effort at Geneva.

"It would be a mistake," he
said, "for us to feel that there
are prospects are finished."

Welcoming Khrushchev's reply to
his proposals for cooperation in
such fields as weather forecasting,
water, gas and electric supplies
were cut. Garages and filling sta-
tions refused to sell gasoline.

Shops closed at noon when the
order for the strike was issued.
No time limit was set on the
walkout.

Employees at the air terminal
grounded traffic by demanding
that passengers produce passes
from the European Secret Army
Organization, which is fighting to
keep Algeria French.

Labor unions gave the strike
order in protest against the arrest
Wednesday night of the secretary
general of the Railway Union Fed-
eration. But the movement ap-
peared to be part of the secret
army campaign to paralyze eco-
nomic activity.

Business conditions were just
beginning to return to normal af-
ter a one-day general strike Mon-
day.

Plant Workers to Vote on Union

FORT SMITH, Ark. (AP) — A
National Labor Relations Board
election will be held here April
27 to determine whether employ-
ees of the Borg-Warner Corp.'s Norge
Division desire union representa-
tion. An NLRB attorney met Tues-
day night with officials of the
Norge plant, the Allied Industrial
Workers Union AFL-CIO and the
United Auto Workers Union AFL-
CIO. An agreement concerning
procedural details of the vote
must be approved by the Region-
al NLRB director at Memphis.

Europeans in Algiers Strike, Everything Idle

By ANDREW BOROWIEC
ALGIERS (AP) — A general
strike by European workers dem-
onstrating their resistance to Al-
gerian independence shut down
practically all activity in Algiers
today.

Railroad service, plane traffic
and city transportation halted.
Water, gas and electric supplies
were cut. Garages and filling sta-
tions refused to sell gasoline.

Shops closed at noon when the
order for the strike was issued.
No time limit was set on the
walkout.

Employees at the air terminal
grounded traffic by demanding
that passengers produce passes
from the European Secret Army
Organization, which is fighting to
keep Algeria French.

Labor unions gave the strike
order in protest against the arrest
Wednesday night of the secretary
general of the Railway Union Fed-
eration. But the movement ap-
peared to be part of the secret
army campaign to paralyze eco-
nomic activity.

Business conditions were just
beginning to return to normal af-
ter a one-day general strike Mon-
day.

Slatton to Head Library Observance

F. L. Slatton, Hope Elementary
School Supervisor, will be chair-
man of the Hempstead County Li-
brary Week Committee which will
plan and carry out local partici-
pation in the nationwide obser-
vance of library week April 8-14.

The week marks the culmination
and the initiation of many year-
round programs to increase read-
ing and the use and support of li-
braries of all kinds.

The Hempstead County Com-
mittee for NLW, headed by Mr.
Slatton, will include: Publicity,
Haskell Jones; Rural, Wallace
Neece; Church, Mrs. Mary Walker
and Women's Clubs, Mrs. F.
C. Crew. Local activity and long
range programs to improve read-
ing resources here in Hempstead
will be reinforced by the state
program, which is headed by Miss
Marcella Grider, executive direc-
tor for the Arkansas Library Week
Committee. Chairman of the state
committee is Storm Whaley.

"This year's theme 'Read—and
Watch Your World Grow' will
highlight an expanding program in
Hope as well as in over 5,000
communities throughout the na-
tion," said Mr. Slatton. "Through
this program we hope to enlist the
interest of every organized group
in our community and engage the
response of every man, woman
and child in the area. We plan to
work toward further progress in
development of our school libraries
and to make special efforts to
recruit young people for the li-
brary profession. We look for-
ward to the participation of all
responsible citizens in this vital
effort, particularly our educators,
our young people and their par-
ents."

Launched in 1938, national Li-
brary Week has achieved a not-
able record in alerting the public
to the need for a "Better Read,
Better Informed America." Many
states and local committees have
reported impressive gains in li-
brary circulation and registration
as immediate results of the pro-
gram. More significant, many lo-
cal committees credit the impetus
provided by the national effort
with inspiring their first coordi-
nated programs to improve read-
ing opportunities through the ex-
tension of all types of library ser-
vices.

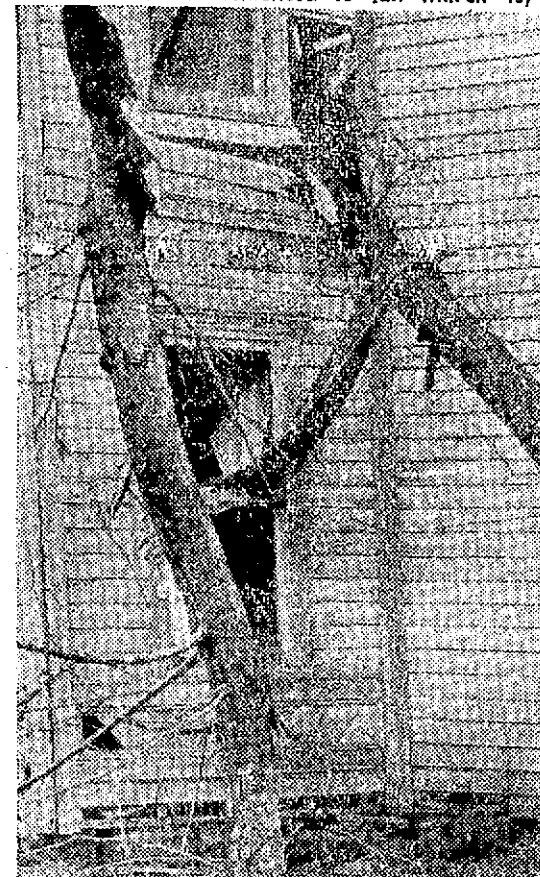

The Year Round Reading Devel-
opment Program is a non-profit
citizens' movement, sponsored by
the National Book Committee Inc.
in cooperation with the American
Library Association, with the ac-
tive participation of 60 national
organizations of all kinds.

BUSY — FOUR SETS OF TWINS IN THE
maternity ward of Valley Baptist Hospital in
Hartlingen, Tex., are keeping nurses busy around
the clock. Left to right, they are the Hermilo
girl twins of Hartlingen; Sattler boy twins of
Hartlingen; Avelardo Perez boy twins of Combes,
and Joe Perez boy twins of Port Isabel. — NEA
Telephoto

SAYS GOD TO DESTROY ERIE, KANSAS
The eight-member family of Kenneth Beene, Sr.,
left, stands outside the Neosho County Jail in
Erie, Kan., and shouts encouragement to him.
Beene went to jail rather than send his chil-
dren to school. Sentenced to jail March 15,
Beene says that his family has been told by
God that Erie is to be destroyed and "the Lord
is sending a man to set me free." At right,
Sheriff Gerald Sloan tries to persuade Beene
to send his children to school. — NEA Tele-
photo

NO INJURIES — PART OF A TREE WAS HURLED
through the side of a two-story home in Hindsville, Ark., by a
tornado that did an estimated \$100,000 damage. No injuries were
reported. — NEA Telephoto

Burglars Hit 3 Places Here Last Night

Burglars hit three places here
last night but the haul appeared
to be very small.

City Police are investigating
break-ins at Franks Fruit Co., De-
light Egg Farms office on South
Main and the workshop at Hope
High School.

Entrance to Franks Fruit Co.
was gained through a window. The
safe was badly battered but was
not entered. At Delight Egg
Farms there was no indication
how the building was entered.
From \$4 to \$10 was missing from
a cash drawer. At the school the
thieves pried open a window to
enter and took \$10 to \$12 from
a drawer.

Luther Faris, 63, Dies in Fort Worth Hospital

Luther Faris, 63, died early
yesterday morning at a Ft. Worth
Texas hospital.

Survivors include his stepmother,
Mrs. P. B. Faris, Hope; three daugh-
ters, M. H. Faris, Junction City,
Kansas; Emmet and Ray Faris,
Newton and Mrs. O. N. Powell of
Hope. Mrs. Roy Quillin and Mrs.
Gunter Powell, Ft. Worth.

Funeral arrangements are in-
complete and will be announced
by Oakcrest Funeral Home.

Plane, Bodies Found Near Mena Wed.

MEENA, Ark. (AP) — The bodies
of four Houston, Texas business-
men were removed Wednesday
from the twisted wreckage of a
light plane that crashed Tuesday
in Oklahoma's Kiamichi Moun-
tains, 25 miles west of here.

Apparently killed on impact
were W. R. Parker Sr., 60; his
brother, Briscoe K. Parker Sr.,
60; Jack D. Parker, 31, son of
W. R. Parker; and Glenn Draper,
41, son-in-law of W. R. Parker.

All except Draper were execu-
tives of Parker Bros. Inc., an as-
phalt, cement, sand and gravel
sales company.

Draper was piloting the high-
winged, twin-engine Aero-Com-
mander, which crashed on the
south side of Pigeon Creek Moun-
tain, six miles south of Big Cedar,
Okla. The plane did not burn.

The men had stopped in Fort
Smith, Ark., Tuesday morning on
a flight from Kansas City to Hou-
ston.

Airport officials cautioned the
men not to fly in the severe weath-
er in west Arkansas and east
Oklahoma. The Civil Air Patrol
said, but they quoted Draper as
saying he would fly around the
bad weather.

The Federal Aviation Agency
said Draper made a routine po-
sition report at 11:28 a.m. about
50 miles southeast of Fort Smith.
Searchers were forced to radio
Mena for tools with which to pry
apart the wreckage and free the
bodies.

Rain, Snow in Sections of the West

By THE ASSOCIATED PRESS
Rain and snow fell in many
sections in the West and in a few
spots in the eastern half of the
nation today. Dry weather pre-
vailed in most of the Midwest
where rising rivers have caused
some flooding.

The rain fell in the West cov-
ered the central and northern
Pacific Coast areas, with showers
and snow flurries in the northern
Plateau and Rocky Mountain
regions. Two inches of snow was
reported in Burns, Ore. Snow
flurries continued in the northern
Plains and southern Rockies.

Rain and drizzle dampened
areas in the upper Ohio Valley
and eastward into the north and
middle Atlantic Coast states and
in central sections of Tennessee.

Tributaries of the upper Missis-
sippi and lower Missouri Rivers
spilled over their banks in parts
of Missouri and Illinois. More
than a score of families left their
homes in the Libertyville, Ill.,
area north of Chicago as the Des
Plaines River overflowed.

Two bridges across the swollen
Illinois River in Peoria held firm
against the battering of several
barges which broke loose from
their mooring Tuesday. River
workers captured and moored
seven of the 24 barges, mostly
grain carriers of 40,220 bushel
capacity. Authorities estimated
damage to the bridges, two of
five which link Peoria and East
Peoria, at \$200,000.

Below freezing temperatures
this morning were confined to
northern areas in New England,
the Great Lakes region and Mis-
sissippi Valley and in parts of
Montana southward into eastern
Utah and western Colorado.

A. G. Mariner, 74, Retired Farmer, Dies Wednesday

Albert Gordon Mariner, aged
74, died Wednesday at his home
here. He was a retired farmer.

He is survived by two sons,
James T. of Del Rio, Texas and
G. W. Mariner of Hope and a
daughter, Patsy Mariner of Hope.

Services will be held at 3:30
p.m. today at Hernon-Cornelius
Chapel by the Rev. Harold Mar-
cum. Burial will be in Ayers
Cemetery.

Nuclear Medicine Group to Meet

LITTLE ROCK (AP) — The
Southwestern Chapter of the So-
ciety of Nuclear Medicine will
conduct a seminar here this week-
end that is expected to draw 200
physicians and research scientists
from throughout the Southwest.
About 20 lectures are scheduled
for the seminar, which will be the
society's first in Arkansas.

Small Nations Revolt Briefly Against the Big Three Stalemate

Rusk, Soviet Envoy Talk Over Issues

By JOHN M. HIGHTOWER

GENEVA (AP) — Secretary of
State Dean Rusk and Foreign
Minister Andrei Gromyko ar-
ranged a private meeting today
in an effort to break the dead-
locks paralyzing East-West dis-
cussions on Berlin, nuclear weap-
ons tests and disarmament.

Efforts to get the 17 nation dis-
armament conference moving in
to actual negotiations were
stalled, Rusk reported at a con-
ference session Wednesday that
he and Gromyko, the conference's
permanent cochairmen, could not
agree on procedure. He said U.S.
and Soviet officials would make
a new attempt to reach agree-
ment.

Gromyko insisted that the So-
viet Union's proposed plan for
total disarmament in four years
should be accepted as the basis
for the conference negotiations.

Rusk demanded that the Western
proposal for a start on disarma-
ment, with thorough control mea-
sures, have equal priority with the
Soviet plan.

British Foreign Secretary Lord
Home and several advisers met
with Gromyko and a number of
top Soviet diplomats at the Rus-
sians' villa.

Informants reported afterward
that they made no progress what-
ever toward reconciling differ-
ences on any of the issues. They
said Gromyko stressed particu-
larly that the Soviet Union "is
standing firm on its demands for
a change in the status of West
Berlin, for Western acceptance of
East Berlin as the capital of East
Germany, and for separate peace
treaties with East and West Ger-
many."

Barring some unexpected
change in Soviet policy, the Big
Three foreign ministers seemed
determined to leave Geneva next
week with nothing accomplished
to improve East-West relations.

Assault Bring 21 Year Sentence

HELENA, Ark. (AP) — Willie
B. Nathan Jr. of Helena was sen-
tenced here Wednesday to 21
years in prison on a reduced
charge of assault with intent to
rape.

The 26-year-old Negro was
charged with raping a white
woman at a trailer camp here
last January. The Phillips Circuit
Court jury of 10 white men, one
Negro and a white woman, re-
duced the charge.

The verdict was returned after
three hours and 50 minutes of de-
liberation and Judge Elmo Taylor
of Searcy sentenced Nathan be-
fore court adjourned.

Suits Filed in Utility Line Case

LITTLE ROCK (AP) — The state
Highway Department filed two
suits here Wednesday asking
whether the department or utility
companies should bear the cost
of relocating gas and water fac-
ilities on the right of way of high-
way construction projects.

Highway department attorney
H. Clay Robinson, who filed the
suits against the Arkansas Louis-
iana Gas Co. and the Dardanelle
Water Co., estimated cost of mov-
ing facilities owned by the two
companies at more than \$150,000.

Arkla owns facilities on the
freeway right of way in Little
Rock and North Little Rock, and
the Dardanelle company owns fa-
cilities on the right of way for
relocation of state Highway 22.

The suits were filed in Pulaski
Circuit Court, where a similar
suit is pending against the South-
western Bell Telephone Co.

Agents Net \$48,833 in Fordyce Hunt

LITTLE ROCK (AP) — The In-
ternal Revenue Service survey
that caused Dallas County, Ark.,
residents to rise in protest turned
up \$48,833 in unpaid taxes.

A letter written to Rep. Oren
Harris, D-Ark., by District IRS
Director Fred Johnson of Little
Rock said 948 persons were sur-
veyed in the county, which has a
population of 10,522.

Johnson said 303 delinquent re-
turns were discovered, but that
this was "not an ugly picture by
any means."

"These are complex laws we
are dealing with," he explained.
"Many people just don't under-
stand what is expected of them.
When the laws are explained to
them, most people do what is
right."

Johnson said when the persons
who failed to file returns in 1960
were questioned "The agents
helped them and they filed them
on the spot."

The IRS had developed leads on
409 individuals prior to the sur-
vey, Johnson said, and the leads
indicated they may have failed to
file individual or business tax re-
turns for 1960. Johnson said some
of the leads turned out to be de-
fective.

Johnson said that although 303
delinquent returns were found,
this didn't indicate there were 303
persons who had failed to file.
Some persons, he explained, file
two or three types of returns.

The survey began March 5 and
ended last Friday. It was con-
ducted by a team of 30 IRS em-
ployees.

The Fordyce, Ark., Chamber

Warn They'll Act to Break the Deadlock

By JOHN M. HIGHTOWER
GENEVA (AP) — Frustrated
small nations revolted briefly to-
day against the big power stale-
mate at the Geneva disarmament
conference and served notice they
intend to take a hand in trying
to break the deadlock.

However, the deadlock deepened
because the United States, Britain
and the Soviet Union failed com-
pletely to find any basis on which
they could agree to negotiate for
a nuclear weapons test ban treaty.

There was a two-hour and 40-
minute meeting of delegations of
the three atomic powers this af-
ternoon to discuss a test ban.

Sir Michael Wright of Britain
then told reporters, "We shall re-
port (to the 17-nation conference)
that we have reached no agree-
ment."

Soviet Delegate Semyon Tsar-
apkin said: "We have reached a
complete stalemate. We have
found it impossible to agree."

A formal session of the full
conference had produced the brief
but potentially significant revolt
of the small nations. Sparked by
a move by British Foreign Secre-
tary Lord Home, it seemed to be
directed chiefly against Russia
which the smaller Western Allies
particularly consider responsible
for the stalemate.

U.S. Secretary of State Dean
Rusk and Soviet Foreign Minister
Andrei A. Gromyko are cochair-
men of the conference, with re-
sponsibility for planning its work.

Mamuel Tello of Mexico, third
presiding officer, announced this
Continued on Page Two

Officials Invited to Festival

Governors from four states as
well as congressional delegations
from Arkansas, Texas, Louisiana
and Oklahoma, have been invited
to the third annual Southwest Ar-
kansas Poultry Festival to be
held in Hope May 25. Haskell
Jones, general area chairman,
told Hope Kiwanis Club Tuesday
at its noon luncheon meeting at
Hotel Barclay.

Luther Hodges, U.S. Secretary
of Commerce of Washington, will
be here and is slated for the ma-
jor address of the day.

After a morning parade down-
town, poultry festival activities
will be centered at Hammons
Stadium, Jones Field House and
the High School, Mr. Jones said.

Part of the program will in-
clude a Poultry Princess Pageant,
a cooking contest, the serving of
barbecued chicken, a "twist con-
test" address by Secretary Hod-
ges and the day's activities will
be concluded with the Princess
Ball in the high school gym. Other
events are also planned, Mr.
Jones said.

Vice president Dean Murphy an-
nounced that the Hope Kiwanis
Club had taken top honors in the
annual Achievement Report for
1961 among all Kiwanis Clubs
in Arkansas and Missouri.

Leonard Ellis, publicity chair-
man of the club, told the group
that 267 business firms and indi-
viduals were solidly backing the
sawcreek program to be publish-
ed next week in connection with
the 19th annual Kiwanis Minstrel
opening at Bevens next Tuesday
night and then moving to Hope
for two showings at the high
school March 29 and 30.

All proceeds from advertising
revenue and ticket sales will go
to the Youth Program.

Singers from all sections of Ar-
kansas, Louisiana and Texas will
gather in Shreveport Saturday
night and all day Sunday, March
21 and April 1.

An auto owned by Clyde Martin,
local Negro, caught fire on South
Walnut Street early this morning
... local firemen said the ve-
hicle was heavily damaged.

Oakhaven's council meet has
been set for 7:30 tonight at Mayor
Jack Lowe's home ... a repre-
sentative of every household
should be present for this business
meeting.

Things have a way of balancing
out ... closing Hope Basket Co.

(M—Missing)

FLYING SAUCER—Jacques Grimaldi, 19, takes the controls of his father's invention, parked in his back yard at Morteaux-Couliboeuf, France. Equipped with horizontal and vertical propellers, plane can take off and land either like an airplane or a helicopter.

FLIES IN A WEB—Dimensions of a huge radar antenna are dramatized by fly-sized workmen in its metal web. Built by Goodyear, it will be installed in the Air Force's Ballistic Missile Early Warning System. Radars like it in Alaska, Greenland and England are designed to give 15 minutes warning of a ballistic missile attack aimed at the west.

Conferences

Continued From Page One

as an alternative. Failure to go through with the bond purchase, he said, would break down U.N. operations in the Congo and Middle East.

RESERVISTS—Some people always get better breaks than others, he advised reservists who objected to being called to active duty. "Life is unfair," he said. But he declared they have "strengthened the foreign policy of the United States" in the Berlin and Southeast Asian crises and predicted they will find satisfaction later in feeling they contributed to the security of their families and country.

ALGERIA—Reproaching Moscow for quick recognition of the provisional Algerian government, Kennedy said the United States will act when the proper moment comes rather than attempt "for political purposes to exploit a situation."

CUBA—Cuban plans to try prisoners captured in last year's futile invasion attempt as war criminals "is a matter of great national as well as personal distress," he said.

MEDICAL CARE—To brand his medical care program an opening wedge for socialized medicine, Kennedy said, is to use a version of "the oldest argument in the world." Had that argument succeeded, "there would not have been any progress on any social legislation in this country."

CONGRESS—He said Democratic party leaders "have been very faithful" and are "doing the best they can."

COMMUNICATIONS—Kennedy said he would have to examine whether cutting to 11 the price of shares in a communications satellite corporation to enable all taxpayers to get in on the project would be in the public interest.

Warn They'll

Continued From Page One

morning the cochairmen had failed to agree on how to organize the work and suggested that there be no meeting of the 17 this afternoon. In effect they were asking more time to dicker.

At that point, informants later reported, Lord Home said sharply "Let's get on with it." This bid for an afternoon meeting, contrary to the recommendation of the conference leaders, was immediately supported by Italy and Canada. Like Britain they are close U.S. allies and would probably not have acted without some word to Rusk about their plans.

Diplomats who were informed on the closed meeting said that the brief discussion by Foreign Secretary Howard C. Green of Canada and Carlo Russo, Italian undersecretary of state, was bluntly to the point of big power failure and insisted on action by the rest of the conference membership.

Tello then ordered the informal afternoon meeting, saying that was the sense of the conference.

On the nuclear test breakdown, Tsarapkin said on leaving the meeting at the Palace of Nations that no agreement is possible "except on the basis of national control."

"Any kind of international control is out of the question," he asserted.

He voiced doubt the rate of return would compare with other investments for many years.

RS70—Nobody won or lost, Kennedy said, in the agreement that averted a contest over whether Congress had authority to order the executive branch to spend more than it wanted on the high-altitude RS70 bomber. It served the public interest and preserved good relations with Congress, he said.

Legal Notice

IN THE PROBATE COURT OF HEMPSTEAD COUNTY, ARKANSAS

IN THE MATTER OF THE ESTATE OF BEULAH M. STROUD, DECEASED

PROBATE NO. 1542

NOTICE

Last known address of decedent: High Street, Hope, Arkansas

Date of Death: October 6, 1961

An instrument dated January 31, 1957, was on the 12th day of March, 1962, admitted to probate as the last will of the above named decedent, and the undersigned was appointed executor thereunder. A contest of the probate of the will can be effected only by filing a petition within the time provided by law.

All persons having claims against the estate must exhibit them, duly verified, to the undersigned within six months from the date of the first publication of this notice or they shall be forever barred and precluded from any benefit in the estate.

This notice first published the 15 day of March, 1962.

Did You Know

THE 1962 PAYROLL AT THE LITTLE ROCK AIR FORCE BASE WILL BE ABOUT 43 MILLION DOLLARS, OFFICIALS ESTIMATE...

SEND YOUR INTERESTING ARKANSAS FACTS TO: ARKANSAS FULCRUM AND FAIR COMMISSION, STATE CAPITOL, LITTLE ROCK

Letters to the Editor

This is your newspaper. Write to it. Letters criticizing the editorial policy or commenting upon facts in the news columns, are equally welcome. Every writer must sign his name and address but publication of name may be withheld if requested.

Election Thanks

Editor The Star: It is difficult for us to just say, "Thank you". You went beyond the normal call of duty on this bond issue. Your paper was the primary source of facts in this issue and your editorials emphasized the facts with tremendous punch.

Your leadership at the Chamber of Commerce meeting on getting the people out to vote, was as usual, very timely. Surely you and your staff must take pride in the influence the paper has in the community. The vote was certainly evidence of this fact.

We feel indebted to you for your confidence. Our performance must pay this debt. Sincerely,

FREEDA R. GREENAN

BILL S. WATSON

Dismissal of Complaint Asked

LITTLE ROCK (AP)—The state Public Service Commission was asked Wednesday to dismiss a complaint brought by Pine Bluff and El Dorado against Arkansas Louisiana Gas Co.'s escalator rate increases for 1958-59-60.

Arkla attorney Ray Thornton contended in his petition that the matter was settled when the PSC approved a rate increase last year.

Pine Bluff, El Dorado and other cities fought the increase, which resulted in a \$1.77 boost in the average customer's monthly bill.

Arkla already had moved for dismissal in its answer to the present complaint. Wednesday's petition backed up the request.

Turns had money coming back. In those cases, Johnson said, the IRS will make refunds.

Arkansan Out of Jail Only One Week

DEMING, N. M. (AP)—A 43-year-old Arkansas man, released from prison less than a week ago on a forgery count, was back in the Luna County jail today on federal charges of forgery.

Floyd Carl Collins, Oak Cane, Ark., allegedly attempted to obtain money by wire through the Deming Western Union office.

Authorities said Collins had sent a telegram to the First National Bank at Jefferson City, Mo., requesting the bank send \$500 to him in Deming.

Collins signed the name of Earl Schmidt, a guard at the Missouri State Prison in Jefferson City, on the telegram.

FBI agents contacted Schmidt, who said a wallet found in Collins' possession was either lost or

stolen. The wallet contained Schmidt's identification card, including his driver's license.

In Deming, Collins denied stealing the wallet and said he had Schmidt's permission to use it.

Collins was found in the Mexican border town of Las Palomas, 32 miles south of deming. Mexican authorities arranged for him to cross the border to the U.S. port of entry, where he was arrested.

Collins was released from the Missouri prison last week after serving more than two years of a four-year prison sentence for fraud.

He was arraigned before a U.S. commissioner in Deming and bound over to U.S. District Court in Albuquerque for trial. Bond was set at \$2,000.

CHAPEL HILL, N.C. (AP)—Biggest football player in the Atlantic Coast Conference? The honor goes to Don Scott, University of North Carolina sophomore tackle. He weighs 285.

NLB to Hold Vote at Batesville

BATESVILLE, Ark. (AP)—Employees of the Batesville Rubber Co. plant are scheduled to vote April 20 in a National Labor Relations Board election to determine whether they want union representation. About 100 persons are employed at the plant, a subsidiary of the Seiberling Rubber Co. of Akron, Ohio. The United Rubber, Cork, Linoleum and Plastic Workers of America are seeking to organize the plant, which was built with the aid of bond issues approved by Independence County voters.

TO THE VOTERS OF HEMPSTEAD COUNTY:

The Hempstead County Industrial Foundation, the Chamber of Commerce and Delight Egg Farms, Inc., take this opportunity to express appreciation to the voters of Hempstead County for their confidence in the future of the poultry industry in this area.

It is our sincere belief that this kind of cooperation will lead to continued economic growth in this area.

Frank McLarty, President,

Charlotte Kay Henry

Mr. and Mrs. Dawson Cline, Henry of Prescott announce the engagement and approaching marriage of their daughter, Charlotte Kay, to Jerry Lamar Chambless, son of Mr. and Mrs. Edward L. Chambless of Hope.

The bride-elect is a graduate of Prescott High School and attended Texarkana Jr. College. She is presently employed in Hope. The groom-elect is a graduate of Hope High and attended Texarkana Jr. College. He is employed in Hope.

The wedding will be an event of April.

by Sue McMillen and Karen Beggs. The devotional was given by Carolyn McMillen and prayer was offered by Mr. Caldwell. Songs were led by Jennifer Smith and Carolyn McMillen. Two demonstrations were given by Elizabeth and Jennifer Smith and Karen Beggs.

Games were led by Jacky Sumpter, recreational leader & lunch was served to 12 members, 12 leaders and 6 guests. The club made a report on each project completed during National 4-H Week. Magazines and posters were distributed, all members attended church together on Sunday, March 4. A radio program was given on Friday, Elizabeth Smith, county champion girl and Charles McCorkle, delegate of poultry fact finding conference in Kansas City, were guests of the Rotary Club in observance of National 4-H Week. The meeting was then adjourned.

Circle 5 WSCS Meets
Circle 5 of the WSCS of First Methodist Church met Monday, March 19 at 7:30 p.m. in the home of Mrs. Fred Glanton. The meeting was opened with a hymn. Poleda Glanton accompanied at the piano. Mrs. Austin Hudson led the group in prayer.

Mrs. Joe Watkins was in charge of the program entitled "The Great Physician is Still Healing." Assisting were Mrs. Kinard Young, Mrs. Edward Aslin, Mrs. W. M. Reinhardt and Mrs. Al Graves Jr.

Dessert and coffee was served to 18 members and four guests. Mrs. Al Graves Jr., Mrs. Eva Ewing, Mrs. Harry Couch and Mrs. Ethel Lowder.

Criticism for 'Selling' Program

By JACK BELL

WASHINGTON (AP) — Efforts of President Kennedy's Cabinet to sell the administration's legislative program to congressional employees came in for criticism today.

A prestige-packed campaign has found nearly all of the Cabinet members from Secretary of State Dean Rusk in down the line subjecting themselves to questioning by administrative assistants, legislative clerks and committee staff members of both parties at unadvertised meetings.

The President's brother, Atty. Gen. Robert F. Kennedy, for example, has briefed staff assistants of all members of the Senate Judiciary Committee on the operations of his department as well as on the administration's program.

Administration leaders describe these off-the-record sessions as merely informative. But Republicans and some Democratic critics thought they detected an effort to influence the men and women who advise them.

Sen. Harry F. Byrd, D-Va., who opposes some portions of the Kennedy program, said he had ordered his assistants not to attend when Secretary of Welfare Abraham Ribicoff met with aides of senators who are members of the Senate Finance Committee.

Byrd heads the committee, to which tax, trade, medical care and other important bills usually are assigned.

"The President certainly is exerting intense pressure to get his measures across," Byrd said. "I have never seen anything quite like it in my 29 years in the Senate."

Sen. Kenneth B. Keating, R-N.Y., said in a separate interview he had permitted assistants in his office to attend sessions at which Rusk, Secretary of the Treasury Douglas Dillon, Secretary of Agriculture Orville L. Freeman and Postmaster General J. Edward Day presided.

"It looks like they were putting on a hard sell," Keating commented. "But I will endeavor to evaluate in my own way the information gathered by my assistants at these meetings."

Honorary Awards to Be Presented

CLARKSVILLE, Ark. (AP) — Honorary doctorates will be presented here May 20 to two Tulsa, Okla., men for contributions they have made in professional and public careers. The awards, to be presented at commencement exercises climaxing the 128th year of College of the Ozarks, will go to Lloyd Elkins and Rev. Glover Leitch. Elkins, production and research director for Pan American Laboratories, will receive a doctor of science degree. Leitch, associate pastor of the First Presbyterian Church at Tulsa, will be given a doctor of divinity degree.

There are nearly 600 amusement places in Arkansas, not including motion picture theaters.

The silhouette switch in coats this Easter is to the fitted or semi-fitted line. A-shaped coat (left) by Dan Millstein, in an American wool fabric, has flap pockets, collarless neckline and drop-shoulder sleeves. Another A-shape is done (center) by Mr. Mort in soft pastel blue wool. It is collarless, has side-buttoned yoke. Textured woolen is used (right) for this spring green coat with picture collar and gathered, elbow-length sleeves.

DOROTHY DIX

Husband Walks In Mystery

By HELEN WORDEN ERSKINE

Dear Helen: Some time ago a letter addressed to my husband fell into my hands. It was from a close friend of ours and in it was put all the love a woman can have for a man.

I nearly went crazy but my husband, when confronted, remained calm, insisting that she, not he, was the pursuer. She is married and has a family so I forgave them both but I cannot forget.

I am a devoted wife and mother. My husband, though the life of the party when we're out, is a stone image at home. In a way I blame his years in the Army when, for the first time, he had girls other than me. He makes a good salary now but his money doesn't last. We own neither a home nor a car. I work part time to make ends meet.

He is not a drinker but slips out mysteriously at night. Where, with whom, I don't know. I have a strange feeling he is mixed up in something I can't understand, yet when I say so, he laughs and calls me silly.

Sometimes I get phone messages intended for him. They are queer and unintelligible.

I have gone to my parents with my troubles. They only say, "Divorce him." I can't see breaking up our home but, pretending to our friends that we are a happy couple is killing me. Help! —Very Lonely

Dear Very Lonely: You shouldn't have read a letter intended for your husband but that's beside the point now. You're both dodging the issue of whether or not you want to remain together. In one breath you forgive your husband for his philandering; in the next you damn him to hell and back. Don't vacillate. Make up your mind what you want to do and do it. Only in that way will you really ever gain his attention, respect and undivided love.

Dear Helen: My cousin is in the hospital recovering from a very serious operation. She's going home to convalesce for a couple of months then return to the hospital for still another operation.

My problem is her teen-ager daughter, a good girl but lazy. For my cousin's sake I would like to go over to her house, clean it up and help her. I can after she gets home but I don't feel like

crisis like this. Encourage the daughter to help you and repeat as you go along how grateful you both should be at having an opportunity to do for one you both love. Ideas are infectious. Before you know it, the daughter will think so too.

Dear Helen: My daughter and niece have a close girl friend who is going steady with a boy who has a prison record. This lovely girl doesn't know it. He has no intention of telling her. Should my daughter and niece break the bad news to her or failing that—to her older sister? I told them to keep mum. But they feel because of this close friendship it is their care of your ailing cousin's home as a privilege, not a chore in a

opinion? —Concerned Mother.
Dear Concerned: You, and not your daughter and niece, are right. Much as they care for the girl, what she does and whom she marries, is strictly her own business. All they can do is to be around to pick up the pieces when, or if, she marries this boy and in the doing, breaks her heart.

Send your problem to Helen Worden Erskine. Be sure to enclose a stamped, self-addressed envelope and address her care of this newspaper. Helpful leaflets available. Write for "Firm Friends."

Eichmann Appeal Hearing Starts

JERUSALEM (AP) — Adolf Eichmann was moved in strictest secrecy today from his prison cell near Tel Aviv to the Jerusalem court building where his appeal against the death sentence will be heard Thursday.

The Nazi bureaucrat convicted of complicity in the slaughter of six million Jews was taken before dawn to the same quarters where he lived during his four-month trial last year.

Eichmann is not expected to testify during the hearing of his appeal by the Israeli Supreme Court. But once more he will occupy the bullet proof glass prisoner's dock in the court chamber as his West German defense attorney, Dr. Robert Servatius, tries to save him from the gallows.

The hearing is expected to take four or five days, with a two-day recess over the weekend. The court probably will take at least a month to consider its verdict.

If it upholds the death sentence handed down on Dec. 15, Eichmann has one last recourse. He can appeal to President Izhak Ben-Zvi for clemency.

Swallows Outnumbered

SAN JUAN CAPISTRANO, Calif. (AP)—The swallows were outnumbered by people Monday when they made their flight to this historic mission town on St. Joseph's Day.

More than 1,000 persons were watching as about 500 of the birds returned to Capistrano to nest among the ruins of the old church.

Comedian Collapses

LAS VEGAS, Nev. (AP) — Comedian Al Ritz, 59, who collapsed on stage at a resort hotel Tuesday, is being held at a hospital for observation.

Nature of his ailment wasn't disclosed. Physicians said his condition is good.

Each American used on the average of 441 pounds of paper or paper products in 1961.

UCLA Might Be Sleeper of Tournament

By DON WEISS
Associated Press Sports Writer

LOUISVILLE, Ky. (AP)—A team noted for its alertness, UCLA may turn out to be the sleeper in the National Collegiate (NCAA) Basketball Championships that move into the show-down stage at spacious Freedom Hall Friday night.

The Bruins (18-9) champions of the Far West regional eliminations, play defending national champion Cincinnati (27-2) in the second game of a semifinal doubleheader that opens with top-ranked Ohio State (25-1) meeting Wake Forest (21-8).

No one who remembers the way another West Coast sleeper, California, came from out of the also-rans to win the national title the last time the championships were held in Louisville—in 1959—is overlooking the Bruins.

Their record? Forget it. They lost seven of their first 11 games. They've traveled at a 14-2 pace since.

Their lack of height, which shows 6-foot-5, 230-pound Fred Slaughter as the over-all biggest man among the front liners? Forget that, too. In winning the Far West regional at Provo, Utah, they disposed of the biggest team in the NCAA tournament—Oregon State, with 7-foot-1 Mel Counts—by the tidy score of 88-69.

Their low national ranking? —They were rated third best in the Big Five conference in pre-season estimates, yet here they are only two victories away from the national championship.

"I've never been so proud of a team in my life," Coach John Wooden said.

Coach Ed Jucker of Cincinnati remembers too well what California did in the 1959 tournament (he was an assistant when unsung Cal beat the Bearcats in the national semifinals) to underrate any team that has come this far.

"I learned my lesson then," he said. "You don't underestimate any team at this stage."

As the nation's coaches began streaming into town for the games and the concurrent meetings, must be talking of an anticipated rematch of last year's championship—in which Cincinnati upset unbeaten Ohio State 70-65 in overtime.

The Buckeyes and their great three-time All-American, Jerry Lucas, beat Wake Forest 84-62 at Wake Forest in December and polished off UCLA 105-94 in the Los Angeles Classic a few days later. But the Deacons, like UCLA, found themselves late-winning their last 12 after standing 9-8 at mid-season.

Fight Results

By THE ASSOCIATED PRESS

Wilkes-Barre, Pa.—Vernon Lamar, 157, New Brunswick, N.J., knocked out Francis Church, 155, Chester, Pa., 2.
Vienna—Lazszo Papp, 159½, El-Hungary, outpointed Ralph ("Tiger") Jones, 157½, New York, 10.

Fabulous Cousy Will Be Back

BOSTON (AP)—Bob Cousy has had news for the rest of the National Basketball Association. He'll be back for another season with the world champion Boston Celtics.

A veteran—at 33—of a dozen years in the physically exhausting NBA, the 6-foot-1 floor general and court magician decided Wednesday after talking it over with the boss, Walter Brown, to play one more year.

"If Walter wants me to return for another season I'll do it," Cousy said before the conference. "I owe him that much."

The former Holy Cross star had been mulling over two other possibilities: staying with the Celtics in a front office job or leaving pro basketball to coach the sport at Boston College.

Though Cousy did not admit it, it was believed the BC post was his for the asking.

It was believed that the non-playing Boston job would have been a combination of scouting and public relations work for the Celtics, who despite their three consecutive NBA championships are not particularly good gate attractions in Boston.

"I guess you fellows will have to watch me running up and down the court for another season," the Cozy grinningly cracked to writers as he and Brown emerged from the 90-minute conference in Brown's office.

Though Cousy has been mentioned as a logical successor to Celtics Coach Arnold "Red" Auerbach, Bob has said in the past that he would prefer to become a college coach—preferably in the Boston area or near Worcester, where he lives.

Testimony in Ditmars Case Continues

TEXARKANA, Ark. (AP)—

Jackie Ditmars, the ponytailed 11-year-old daughter of Mrs. Juanita Ditmars, testified Wednesday that she heard her father curse her mother and say "I'm going to kill you," before his death Sept. 14.

The child told a Miller Circuit Court jury that preceding this her father had told her Mrs. Ditmars was having extramarital relations.

The 31-year-old Ditmars, a former state trooper, was killed with his service revolver in the garage of his home. Mrs. Ditmars, 29, is charged with first degree murder in connection with the slaying, which she claims was self defense.

She said Ditmars drank heavily and beat her frequently. She said he twice had administered beatings which sent her to the hospital.

State witnesses testified that Ditmars was a good husband and a loving father to his children. They said he was not a heavy drinker and had not been abusive to his wife.

Jackie Ditmars took the stand Wednesday as the state began rebuttal testimony.

She said she and her brother were outside the Ditmars' home when she heard her father follow her mother into the bathroom. She said she heard a gun being cocked, and heard her father say, "I ought to kill you now."

Then, Jackie said, Ditmars called her into the bathroom and asked if she remembered a man they had seen earlier in the day. "Your mother," she said her father told her, "has been sleeping with that man."

Later, Jackie said, she heard a shot and her father went to the garage. There, she said, she heard her father curse her mother and say, "I'm going to kill you."

Teachers Sweep Track Meet

CONWAY, Ark. (AP)—Arkansas State Teachers College swept 15 out of 16 events here Wednesday to down Arkansas A&M 107-49 in a dual track meet.
The Teachers also grabbed seven second places.
Best time of the day was the ASTC's 3:23.3 in the mile relay.

Jockey Brings Home Five Winners

HOT SPRINGS, Ark. (AP)—Jockey Larry Spraker brought home five winners Wednesday at Oaklawn Park, but Robert Nono, his leading competitor, rode Tin God, the winner of the featured \$3,200 purse.

Spraker, leading rider of the present meeting, now has a total of 36 winners. Nono has 28.

Spraker guided four mounts into the winners' circle last week, and both times the Little Texan was aboard both ends of the daily double.

Tin God, running before a sun drenched crowd of 8,802, came up from fourth place in the stretch to gain a head decision over the Jacnot, Table's favored Our Special Jet, Long Distance, out of the Bayliff and Wise barn, was third, a length and a quarter further back.

Tin God, a 6-year-old gelding, covered the six furlongs of good track in 1:12 flat. A third-wagering choice, he returned \$8.80, \$3.60 and \$3.40.

Mutuel handle for the nine races was \$573,522.

Spraker didn't ride in the fourth race, but in the other eight he was out of the money only once.

His winners were First Mistake (\$9.60) in the first race, Bully Time (\$6.00) in the second, Judge C (\$10.40) in the fifth, Bouncer (\$6.20) in the sixth and Imstar (\$9.60) in the ninth.

Andy's Gift, one of several promising 3-year-olds racing for John D. Askew of Fayetteville, will be looking for his first victory in five starts here when he goes against a capacity field in today's featured \$3,000 purse.

The six furlong sprint is for 3- and 4-year-olds and will be run under allowance conditions.

W. Hal Bishop's Durand and Winston Neil's Volunteer Stare loom as the main threats, although several others in the race already have scored at this meeting. These include Mrs. Leila Roberts' Lansing Lane and Otis Brown's Dixie War.

Andy's Gift, a son of Hindu Star and Bunny Strip, was claimed by Askew recently at Santa Anita. He has performed creditably at Oaklawn, his best showing being a close second to Strong Salient in the Keeneland Purse. He will be ridden by Kenward Bernis.

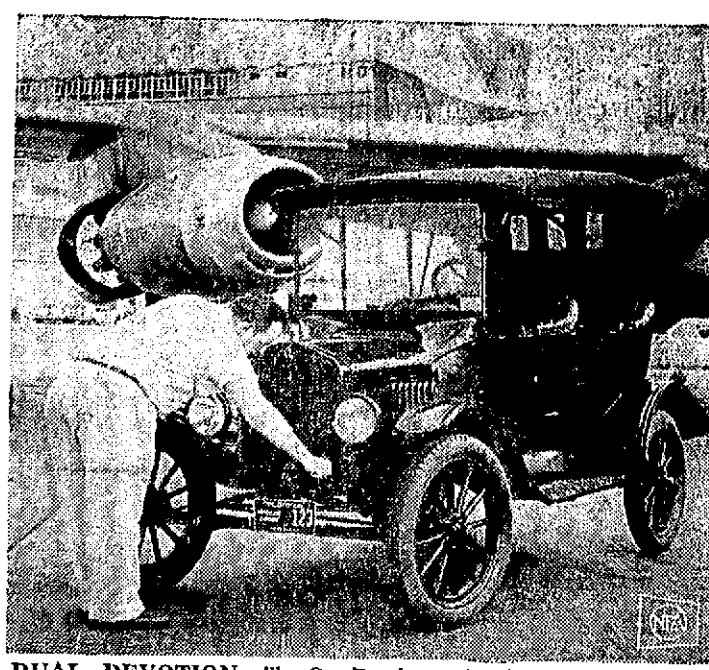

Durand beat a good field under Robert Nono, who will handle him again today. Lansing Lane and Dixie War will be moving up in company after scoring their initial victories here.

Enough seeds were planted at two nurseries of the Arkansas State Forestry Commission in March, 1961, to provide 20 million seedlings for planting in Arkansas forests during the first three months of 1962.

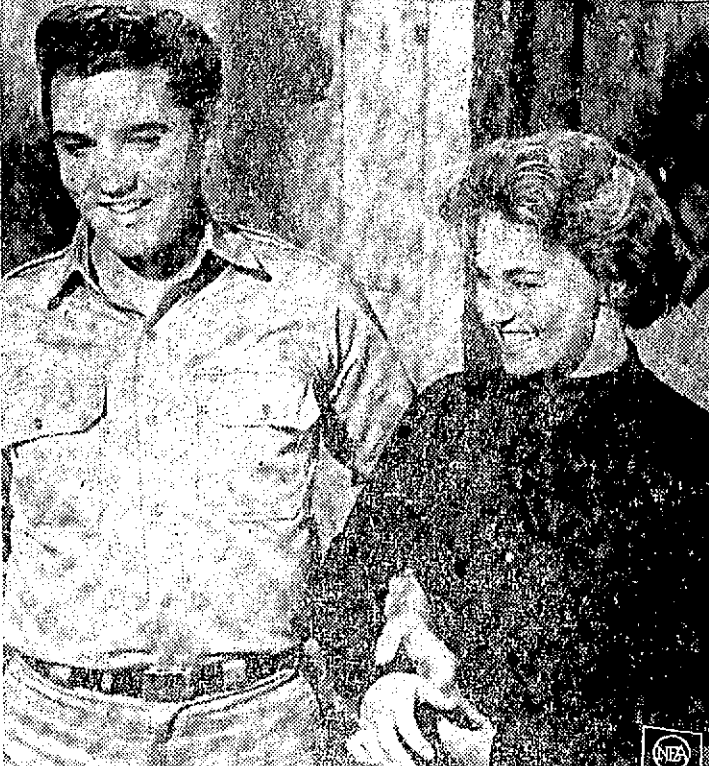

The sudden loss of Fisher, who served home run No. 60 to Roger Maris during the 1961 campaign while posting a 10-13 record with a 3.90 earned run average, left only Estrada as a full-time, able-bodied member of the Birds' big four.

Steve Barber, the club's big winner last season with 18 tri-umphs, is toiling for Uncle Sam. Monday after she testified Harbut may be available to pitch mon "wanted to do things by him-weekends. Milt Pappas, 13-9 last self" and showed her no love or year, is recuperating from an affection. She charged extreme emergency appendectomy and cruelty.

Police said Mrs. Ditmars admitted to them the morning after the shooting that she had been having an affair with another man.

DUAL DEVOTION—T. O. Duckworth, jet mechanic at Miami International airport, has two loves—jets and tin lizzies. Here he cranks up his 1921 Model-T Ford in preparation for drive home after day's work on sleek jets.

KID GALAHAD'S INSPIRATION—Lola Albright is making it big as costar with Elvis Presley in the new film, "Kid Galahad." She has sworn off bad scripts which hobbled her earlier career, refuses to depict namby-pamby women. In "Kid Galahad," she plays what she calls a "man's woman."

The Orioles' Kiddie Korps Dwindles

By MIKE RATHET
Associated Press Sports Writer

The Baltimore Orioles' prized Kiddie Korps consisted today of Chuck Estrada, a possible weekend recruit, an appendicitis case and a big fat question mark.

That big question mark was penciled in after the name of Jack Fisher, towering young right-hander jolted by a series of sharp pains in his right shoulder, while warming up to pitch Wednesday's exhibition game against the Cincinnati Reds.

The 23-year-old, 6-foot-2 fireballer turned up with an inflamed shoulder earlier in the spring grind, then reported himself ready to take his turn on the mound.

He is being flown to Baltimore for X rays.

The sudden loss of Fisher, who served home run No. 60 to Roger Maris during the 1961 campaign while posting a 10-13 record with a 3.90 earned run average, left only Estrada as a full-time, able-bodied member of the Birds' big four.

St. John's and Dayton Carry Favorite Roles

By JIM BECKER
Associated Press Sports Writer

NEW YORK (AP)—Sophomore-sparked Dayton and senior-paced St. John's carry the favorite roles tonight in the semifinals of the National Invitation Basketball Tournament at Madison Square Garden.

The Ohio Flyers, seeking their first NIT title in 10 tries, are slims picks over hustling Loyola of Chicago, which also leans on first-year men. The home town Red-men, out for their fourth NIT crown, are granted a favorite edge over a sound Duquesne team in the second half of the doubleheader.

The first game goes at 7:30 p.m., EST, the second at 9:30 p.m.

Dayton, five times runner-up in this tournament, has its work cut out against Loyola. The Flyers swamped Wichita and Houston on the way to the semis, largely on the inspired play of sophomores Bill Chmielewski, 6-foot-10, and Gordie Hatton, 6-foot-11.

The rugged Chmielewski has 56 points in two outings. He also chipped in with fine rebounding and feeding. Hatton, with 47 points, is the team floor leader as well. Garry Roggenburk, Hal Schoen, and Tom Hatton, Gordie's older brother, round out the fine cast.

The Loyola Ramblers, who drew a bye in the first round, also were impressive in dumping a solid Temple team, 75-64 in the quarter-finals. Their pell-mell attack features four sophs, including 6-foot-6 Vic Rouse, who leaps like a 7-footer.

The nation's scoring leaders, the Ramblers ran and run and aren't afraid to pop the ball up.

St. John's and Duquesne are more deliberate. The Redmen feature 6-foot-10 Leroy Ellis, outstanding player in the metropolitan area.

Despite a weak bench, St. John's produced a superb effort in knocking out Holy Cross Tuesday night, moving the ball until the right shot came along.

Duquesne collected the scalps of Navy and nationally ranked Bradley en route to the semis. The Dukes lack height but not poise, much of which is provided by sophomore Willie Somerset, a 5-foot-10 take charge guy.

When to Fish or Hunt Solunar Tables

By John Alden Knight

The schedule of Solunar period as printed below, has been taken from John Alden Knight's Solunar Tables. Plan your days so that you will be fishing in good territory or hunting in good cover during these times, if you wish to find the best sport that each day has to offer.

The Major periods are shown in bold face type. These begin at the time shown and last for an hour and a half or two hours thereafter. The minor periods, shown in regular type, are of somewhat shorter duration.

Minor	Major	Minor	Major
A. M.		P. M.	
Thurs. . . 6:05		6:30	12:15
Fri. . . 6:50	12:40	7:15	1:00
Sat. . . 7:40	1:30	8:05	1:50
Sun. . . 8:25	2:15	8:50	2:35

ADVANCE LOOK—This is a first glimpse of the 73-foot yacht that will represent Australia in the America's Cup Race next fall. As yet unnamed, the challenger from Down Under cost a syndicate \$675,000 and is conceded a good chance of taking the coveted trophy from the U. S. for the first time in more than 100 years in the five race series to be held off the east coast of the United States.

SWINGING INTO SPRING—General Manager Rick Ferrell of the Detroit Tigers looks on during squad practice at Lakeland, Fla. That's coach Bernie DeVeyreos demonstrating bunting for the American League baseball team in spring training.

Only Good of Winter Is the End

By THE ASSOCIATED PRESS

Just about the only good thing about this winter was the end. It left the calendar Tuesday night after three months of storms and cold waves that buried roads under snow, clogged rivers with ice, damaged crops, highways and streets, isolated towns, stranded travelers, closed schools and airports, filled fracture wards, and brought on an outbreak of "cabin fever."

Weather Bureau officials agreed that it was one of the worst when you consider the wide spread of subnormal temperatures, snow, sleet, freezing rain, high winds and daytime gloom.

Nature put on a preview. It showed in Colorado on Labor Day. It was the earliest substantial snowfall on record in Denver.

Since then 517 inches of snow have fallen on the Continental Divide at Wolf Creek Pass on U.S. 160. At last report, there still were 102 inches on the ground there.

The mercury shivered to 55 below zero at a reporting station near Leadville, Colo.

Arctic blasts around March 1 dropped temperatures to all-time lows at some spots in the Minnesota-Dakota area — where they take winter in long stride and, in many instances, in long underwear, too. Readings of -30 and -40 were common.

During a March snowstorm a chartered bus toted a traveling theatrical troupe into Mountain Lake, Minn.

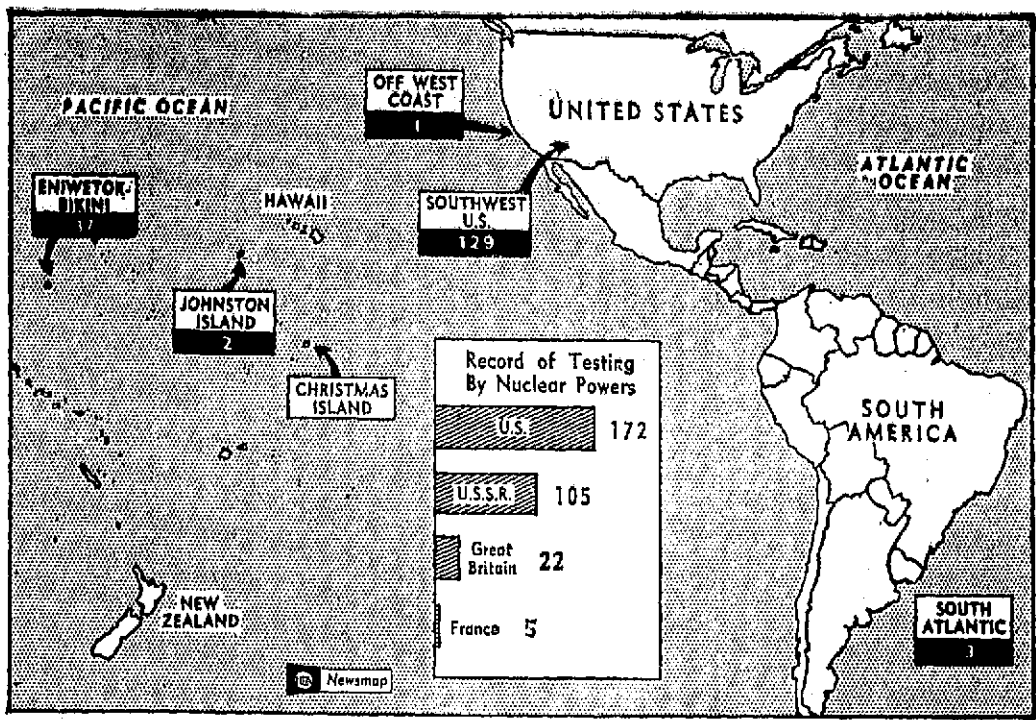

"We just stopped for a coffee break," actress Faye Emerson said.

They were there nearly three days.

Thousands of acres of corn and soybeans are unharvested in Missouri because winter arrived so suddenly and lasted so long. Rural mail carriers said the roads in that state are the worst they ever encountered.

"It was the worst winter for streets I've ever seen," commented Chicago's Streets Commissioner Lloyd Johnson, who has been on the job 20 years.

He said he had seen more damage in his early days but never more frustration. Snow was on the ground more than 100 days between early December and the latter half of March. This kept crews from repairing holes and

NUCLEAR TEST RECORD—Since the United States fired off the world's first atomic device in July, 1945, at Alamogordo, N.M., at least 304 more have been exploded throughout the world. The United States has fired 172 announced test shots, Russia 105, Britain 22 and France 5. The United States is ready to resume nuclear testing in April on British-owned Christmas Island as a result of Russia's breaking a three-year test moratorium. The largest announced nuclear test by the United States was a 15-megaton device fired as part of a series at Eniwetok in 1954. Russia recently detonated a 50-megaton bomb at her test site on the Arctic island of Novaya Zemlya, Siberia. A megaton is equal to a million tons of TNT. Other Russian tests have been conducted near the cities of Volgograd and Semipalatinsk. Britain has tested in the southwest United States, Christmas Island, Montebello Islands and in Australia. France has tested in the Sahara.

cracks as they opened.

Cold and frost bore down on citrus growers and vegetable fields on the southern fringes of the country and killed palm trees on Canal Street in New Orleans.

New Orleans endured 67 consecutive hours of freezing weather in January, the longest stretch in records that go back 91 years.

New York City didn't have much snow to shovel, but a storm and high winds battered the Atlantic Coast in early March.

Heavy rains loosed mud slides that damaged homes and shut highways in Southern California. A surprise storm dumped seven inches of snow on Seattle in February.

Winter also left an unwanted legacy in much of the North. Snow depths of 70 to 75 inches in southern Minnesota, for instance, have raised fears of spring floods.

Over 30,000 rainbow trout were experimentally stocked in Lake and Fish Commission last year.

Over three million fish were produced in the three hatcheries of the Arkansas Game and Fish Commission during 1961.

STRAINED TONES—Zigzag instrument fashioned from pieces of drain pipe is played by member of "Rumpe e Streppa" band parading in San Remo, Italy. Music finally comes out through a plain, old-fashioned kitchen colander.

In June, 1862, Davie Walker and W. M. Fishback, who had voted for secession, were the first people of prominence to renew their allegiance to the Union.

The Mysterious Gospel Singers of Magnolia will appear at Mt. Pleasant CME Church Saturday, March 24 at 7:30 p.m. A Weiner roast and fish fry will also be held. Mrs. Ruth Turner, sponsor.

Baptist Group Plans Meeting

LITTLE ROCK (AP) — The Woman's Missionary Union, missionary affiliate of the Arkansas Baptist State Convention, will hold its annual convention April 3-4 at First Baptist Church, Blytheville. Featured speakers will be missionaries to Japan, Southern Rhodesia, Ghana and Nigeria and Mrs. Bruce Conrad, a missionary to Oklahoma Indians.

The first steam locomotive built in the United States, the "Tom Thumb," was so small that gun barrels were used for tubes in the boiler.

European in

Continued From Page One

day protesting the cease-fire between the French army and the Algerian nationalists, which went into effect that day.

A secret army broadcast in Oran called for a two-hour strike there tonight also.

The strike movement developed as the French army and police appeared to be putting up firm opposition to the European extremists seeking to wreck the cease-fire.

The secret army gave an ultimatum to government forces to clear out of Bab el Oued, a workers' quarter in Algiers where trouble is frequent, by noon or be considered as occupation troops. But the government forces stayed put.

French gendarmes and secret army commandos braced openly for two hours in Oran Wednesday.

Throughout Wednesday night Europeans fired from balconies and windows on French army patrols cruising Algiers' deserted streets. Terrorist attacks accounted for two Moslems dead and four wounded.

In contrast with the bloodshed between Europeans there was calm throughout Algeria between French army forces and the Algerian nationalists. French headquarters said leaders of the National Liberation Front in a number of areas had offered their cooperation.

For the most part, however, the secret army terrorists roamed unchecked. Officials reported at least 30 persons killed—27 of them Moslems—and 58 wounded in 30 Moslem attacks across Algeria Wednesday, the second full day of the cease-fire between French forces and the Algerian nationalists.

President Charles de Gaulle's government rushed two companies of riot troops from France to Corsica, apparently to forestall any attempt by the secret army to seize that Mediterranean island between southern France and Algeria. In the 1958 Algiers uprising

KATHLEEN JEWELLE Walker, daughter of Mr. and Mrs. Lawrence A. Walker, formerly of Hope, has been elected to Who's Who in American Education. She is a 1950 Hope High graduate, received her BS degree from East Texas State College and attended SMU. Since 1955 she has been an art instructor in the Dallas school system.

that brought De Gaulle back to power, Corsica rallied to the Algerians insurgents.

Confused fighting broke out in three or four sections of Algiers shortly before midnight. French soldiers, wearing bulky bullet-proof vests, sent tracers streaking through the night sky in reply to sniper fire. Two Europeans were reported wounded and captured.

Several explosions, apparently plastic bombs, rocked the deserted streets of a largely Moslem district.

Earlier in the night secret army commandos, firing machine-gun bursts from a speeding car, raked Moslem cafes in Zeralda and Cheragas, west of Algiers. Killing of 7 Moslems and wounding 28.

In Oran, a hotbed of European resistance to the cease-fire, settlers clashed openly with French gendarmes. The settlers claimed a victory even though 15 of their number were wounded against 5 policemen.

Roof-top snipers fired at the gendarmes from all directions. The police responded by riddling

Laborer Shot, Negro Is Held

JONESBORO, Ark. (AP)—Price Willis, a 44-year-old Jonesboro Negro, has been held on an open charge in connection with the fatal shooting here Wednesday night of George McPhearson, 44, a Negro farm laborer.

The Poinsett County Sheriff's office said McPhearson was shot once in the head with a .12 gauge shotgun.

The shooting occurred in the front yard of the Albert Warren home, where Willis lives with his aunt.

Officers said the two Negroes had argued earlier in the day.

Infant Killed in Accident

WALNUT RIDGE, Ark. (AP)—A head-on collision two miles southwest of here resulted in death Wednesday night for 3-month-old Mark Raymond Helton. Three adults, including his parents, were critically injured.

State Police said the accident occurred inside the Hixie city limits on Highway 63.

Mr. and Mrs. Ray Helton of Walnut Ridge and Joe Baker of Jonesboro were taken to a Walnut Ridge hospital.

Officers said the Smith car, collided with Baker's pickup truck.

Truffles, small black fungi prized by gourmets, are found by their aroma. Pigs, dogs and garts are employed in the hunting.

Viet Nam Conference

HONOLULU (AP) - Defense Secretary Robert S. McNamara is expected to arrive here either tonight or Wednesday morning for another top-level conference on South Viet Nam.
Gen. Lyman L. Lemnitzer, chairman of the Joint Chiefs of Staff, said Monday he would meet McNamara for the fourth strategy session here on the Communist-begun, pro-Western government of Ngo Dinh Diem.
Ten years ago . . . Alabama, Arkansas, Kentucky, Mississippi, Missouri and Tennessee were swept by tornadoes which killed 232 persons and injured more than 1,000.
Five years ago . . . the Syrian army was reported split into two hostile forces as the result of an attempt to depose the country's would-be strong man, Col. Serraj.
One year ago . . . in an address to the U.N. General Assembly, Soviet Foreign Minister Gromyko renewed Russia's attack on Secretary-General Dag Hammarskjold and the U.N. operation in the Congo.
In 1965, the German composer Johann Sebastian Bach was born.
In 1829, an earthquake in Spain killed 6,000 persons.
In 1859, the Zoological Society of Philadelphia received its charter, making it the oldest zoo in the United States.
In 1932, violent winds killed more than 360 persons in Alabama, Georgia, Tennessee, Florida and Kentucky with property damage of \$3 million.
In 1945, U.S. carrier fleet units attacked the Japanese fleet in Japan's inland sea during World War II.
In 1959, the German composer Johann Sebastian Bach was born.
In 1829, an earthquake in Spain killed 6,000 persons.

Asks Withdrawal of Injunction

LITTLE ROCK (AP) - The Communications Workers of America asked the Arkansas Supreme Court today to force withdrawal of an injunction which has kept the union from negotiating for a contract with Western Arkansas Telephone Co. at Russellville.
The petition said Chancellor Wiley W. Beane, who issued the injunction, had no jurisdiction in the case because it should be handled by the National Labor Relations Board.
The injunction was issued Jan. 23, 1962, and continued after a hearing March 12, the petition said. Meanwhile, the NLRB has set a hearing on the matter for April 3 in Russellville and the injunction will interfere with this hearing the union contended.
Beane issued the injunction after 61 employees of the telephone company asked him to stop the union from negotiating for a contract. The suit said the firm had only 113 employees and a majority no longer wanted union representation.
Western Arkansas employees voted to seek affiliation with CWA about two years ago.

Highlight in History

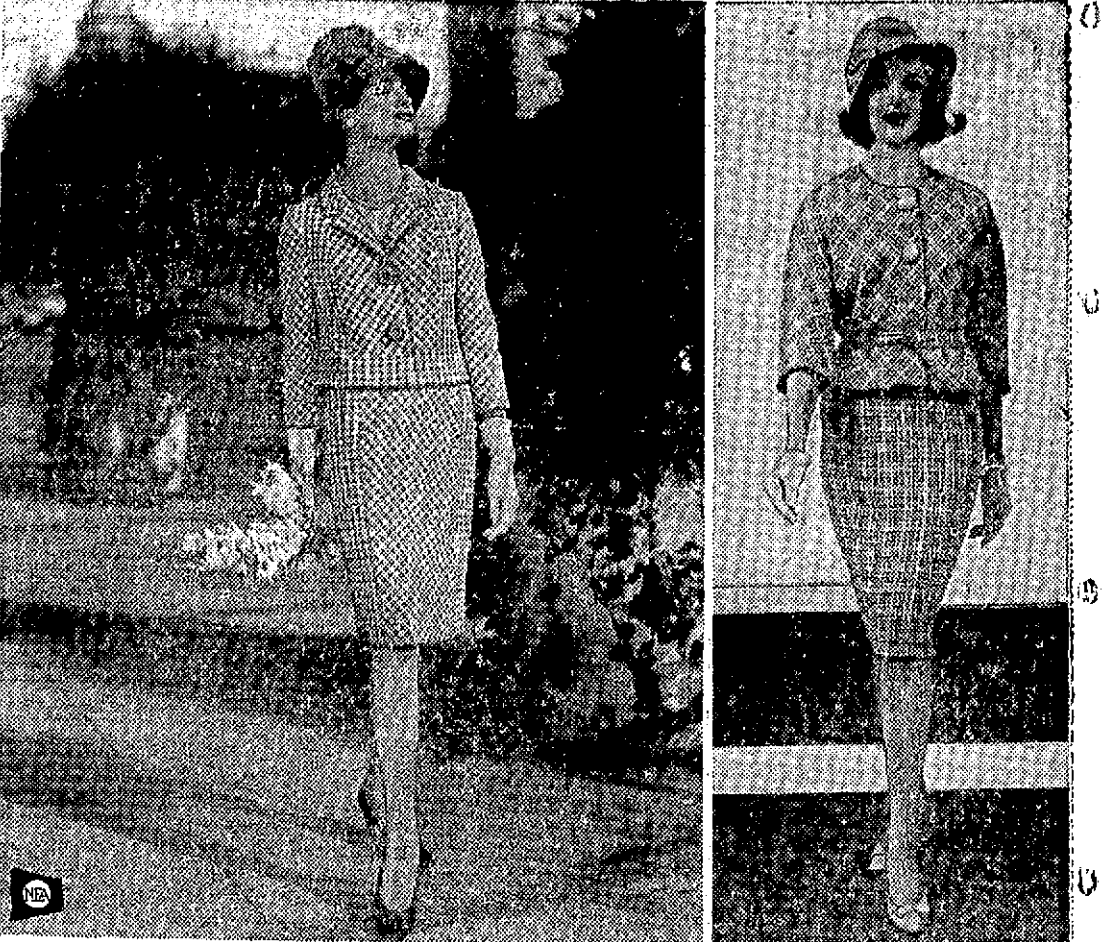

By THE ASSOCIATED PRESS
Today's highlight in history: On this day in 1917, Russia restored the constitution of Finland, declaring it to be a free and independent state in the Russian federation.
On this date:
In 1685, the German composer Johann Sebastian Bach was born.
In 1829, an earthquake in Spain killed 6,000 persons.
In 1859, the Zoological Society of Philadelphia received its charter, making it the oldest zoo in the United States.
In 1932, violent winds killed more than 360 persons in Alabama, Georgia, Tennessee, Florida and Kentucky with property damage of \$3 million.
In 1945, U.S. carrier fleet units attacked the Japanese fleet in Japan's inland sea during World War II.
Ten years ago . . . Alabama, Arkansas, Kentucky, Mississippi, Missouri and Tennessee were swept by tornadoes which killed 232 persons and injured more than 1,000.

Ex-Titleholder Bows to Youth

HOUSTON, Tex. (AP) - Virgil Atkins, once king of the world's welterweights, bowed to youth Tuesday night as he took a beating from Garland (Rip) Randall in a 10-round fight.
Atkins, 34, landed few effective blows. Randall, former Texas lightweight champion, swarmed over the St. Louis veteran throughout the fight.
Randall, a Dallas fighter with a 31-7-3 record, took a unanimous decision. He weighed 145 to Atkins' 148.
The annual production of natural gas in Arkansas for 1958 was more than 54 billion cubic feet.

Pretty plaids will march proudly in the Easter parade this year. Lloyd Scheeler does a green-and-white plaid (left) in a suit cut with trim little jacket and panel front skirt. Collarless suit (right) is by Herbert Sondheim in a fine American wool plaid. The color is beige. A sleeveless silk blouse is worn under the jacket.

HEART BEATS—LIT UP—With a new monitoring device, it is possible now to check a patient's heart action visually and audibly. Here, patient Jackie Walker's left arm is wired to the indicator which registers heart beats either by beeps or a blinking white light. Should the heart stop, a red light comes on and a loud buzzer summons help.

BANKING ON DEATH

THE STORY: John Thatcher, still seeking Robert Schneider, one of the heirs in a trust distribution, is dining with an investment banker named Tom Robichaux.
Chapter 4
Robichaux looked at him approvingly. "We're both in pretty good shape, aren't we?"
The judicial tone again made Thatcher laugh. "For men of our age, Tom."
Robichaux said, "Listen, seriously we have turned up a special situation that you people may be interested in." He leaned back, and watched the busboy clear away the empty plates with a critical eye.
"Come on, Tom, start selling me."
"We're underwriting a small new issue sometime next month. Buffalo Industrial Products. They've doubled their earnings in one year, and they're going to do even better in the next few years. I'm doing you a favor even of offering you any."
"Electronics?" Thatcher asked.
"That's just what I said when Ed Fitzgerald turned this up for us. No, they're not an electronics firm. They produce, among other things, textiles."
Thatcher eyed him. As the waiter put coffee and pie before him, he recalled young Nicolls' description of the Schneider Manufacturing Company. "Are they in industrial textiles, Tom? In felt?"
Robichaux exploded, "How did you know that?"
Thatcher stirred his coffee; "I've got my sources, Tom," he said gravely. "Go on, tell me about it. No, it was just a guess. I really don't know a thing about them, never heard the name before in my life."
Robichaux looked at him with suspicion. "You'd better not. Well, they're going public at about \$20 a share and I think they'll get to \$60 in a year." He glanced at his companion; there was no doubt that Thatcher was interested in this. Robichaux continued. "They produce a full line of machinery and parts and equipment for the paper and pulp industry. Their most important product is this felt, which is used on the Four-drummer paper machine. A sort of belt. Now as I understand it, these felts wear out in a week or two, and have to be replaced, so the felt belts are one of the biggest items of their sales."
Thatcher sipped his coffee. "What accounts for the sudden spurt in their growth?"
"They've introduced the first real improvement into this felt business in years. You know that each of these felts had to be individually fitted to the machine? Well, out at B. I. P. they've just worked out a way to standardize them, and install them every time they wear out without a lot of special people coming in. Fitzgerald says that if it works out it will cut some firm's costs by as much as 10 per cent."
"Custom fitting the felt does seem a little out of date," Thatcher remarked. "Tell me, what do you know about the Schneider Manufacturing Company? They produce felts, don't they?"
Robichaux frowned in concentration. "Schneider Manufacturing—oh, yes, of course; they're up in Massachusetts. What's this interest in felts?"
"Well, it really arises out of another matter.
Later after receiving the prospectus that Robichaux and Devane had prepared, he read that the Buffalo Industrial Products Corporation would, after securing approval from the Securities and Exchange Commission, offer to the public 100,000 shares of common stock, par five dollars, the offering to be underwritten by Robichaux and Devane, and others. The capital would be used to finance extensive expansion of facilities, including building of a new factory.
He found a list of Directors and Officers: Stanislas V. Michaels, President; Elroy C. Novak, Vice-President; Carl Robert Schneider, Vice-President; Jean M. Novak, Treasurer.
Thatcher expelled a satisfied sigh. Carl Robert Schneider. In a firm producing felt for paper machines.
"Mr. Thatcher," said Miss Cora, who had opened the door and now stood disapprovingly in the doorway, "they want to know if you care to come and help mix the punch."
"I would be delighted to, Miss Cora," provided that you will drink some," Thatcher replied mendaciously.
"Oh, I couldn't," she said before she fled down the hall to announce his coming. Christmas parties were greater ordeals for Rose Theresa Cora than for John Putnam Thatcher. He was merely fastidious; she was well brought up. But Thatcher was in high good humor as he followed her down the hall. The only problem, he thought, as he greeted his staff nervously assembled around the improvised bar, was how to explain to young Nicolls that he had unearthed the missing heir.
Telling him that it was a hunch would be setting a bad example for junior members of the staff.

Argentina Is Threatened by a Strike

By FRANK N. MANITZAS

BUENOS AIRES, Argentina (AP)—President Arturo Frondizi struggled today to put together a coalition government to deal with nationwide strike threatened by supporters of ex-dictator Juan D. Peron.

The nation's military officers were divided over whether Frondizi should remain in office. Peronists threatened violence.

Frondizi found little immediate support from the politicians to help him combat rising Peronist opposition. Leading anti-Peronist politicians harshly rejected his first attempts to bring them into "coalition Cabinet of national unity" imposed on him by the military.

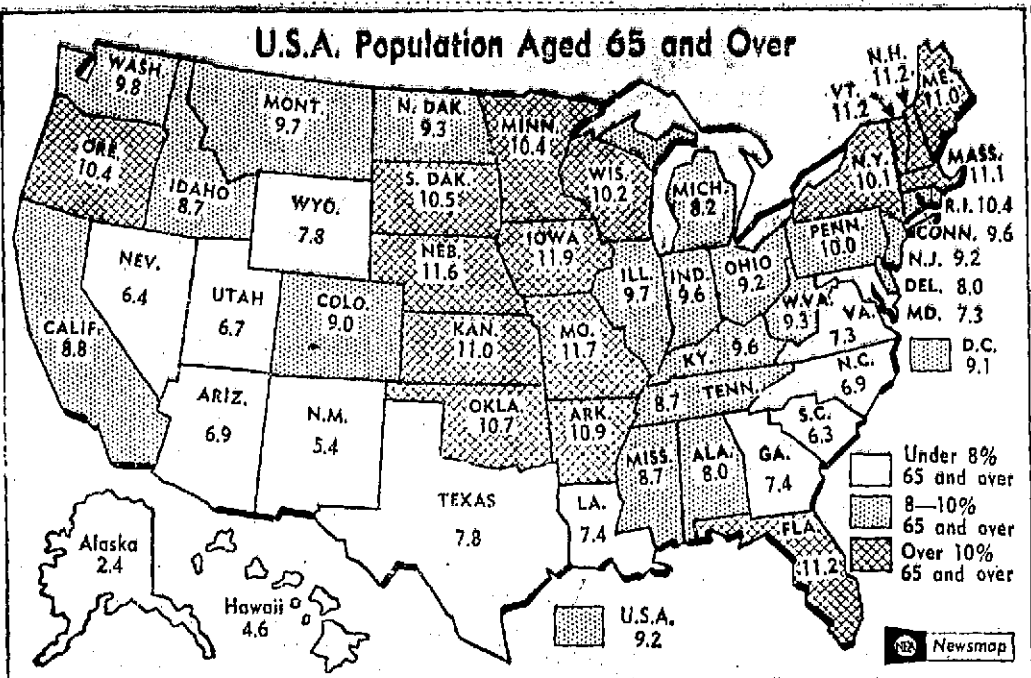

Leaders of 62 pro-Peron labor unions called a general strike of nearly two million workers for Friday and warned that the nationwide walkout would continue until Frondizi rescinded his decree wiping out the Peronist victories in parliamentary and provincial elections last Sunday.

Officials of the Roman Catholic church reportedly were trying to pacify labor leaders and have them call off the strike. The last major strike here, stemming from one of Frondizi's austerity measures, resulted in bombings of buses and street fighting.

Thirty-two unions said they would not strike but made clear their sentiments, asserting "the reason for our troubles is Frondizi." The powerful General Confederation of Labor, mother organization of all the unions, did not immediately endorse the walkout.

The underground "Supreme Council of the Peronista party" issued a manifesto urging working people to resist Frondizi's nullification order. "We will resort to violence if necessary," the council declared.

Despite the setbacks, Frondizi was reported feeling assured that solution to the four-day crisis was near. Buenos Aires Mayor Teran Giral, Frondizi's emissary in negotiations with the mili-

ELDERLY POPULATION GROWS—Map shows percentage of persons 65 and over in each of the 50 states. National average is 9.2 per cent. Life expectancy has risen from a little over 30 around 1800 to 70 years today. In the last decade, while the total population was growing by 18.5 per cent, the elderly group grew by 37.7 per cent—almost twice as fast, and women live longer than the men. (Data from Population Reference Bureau)

tary chiefs, announced after a series of conferences at government house that his mission was over.

Protocol officers assured newsmen that Frondizi would be on hand this evening to welcome Britain's visiting Prince Philip, husband of Queen Elizabeth II.

Frondizi's insistence on sticking to his unpopular austerity program, which was generally blamed for his election setback, appeared a major obstacle to his forming a coalition Cabinet.

Peronists stepped up their clamor for the return of the ex-dictator from his exile in Spain, declaring it is "the only way to secure peace in Argentina."

A 16-station network has been set up around the world to follow and protect America's astronauts in orbit. The Mercury-tracking outposts can locate a spacecraft flying five miles a second, talk to the man it carries, measure the performance of the astronaut and his vehicle, and by radio signals bring him back to earth.

The 1962 payroll at the Little Rock Air Force Base will be about 43 million dollars, officials estimate.

AEA Has Met With Candidates

LITTLE ROCK (AP)—Arkansas Education Association leaders announced Wednesday they are taking stock of men who may run for governor this summer.

Forrest Rozzell, AEA executive secretary, said schoolmen already have met with Marvin Melton of Jonesboro and Wallace Hurley of Camden. Melton and Hurley have said they are considering making the race.

Rozzell said the AEA had not met with the two announced candidates—Rep. Dale Alford, D-Ark., and Kenneth Coffelt, a Little Rock attorney—because they had not requested a meeting.

Rozzell would not comment on the possibility of an AEA meeting with Gov. Orval E. Faubus should he decide to seek a fifth term. The AEA and Faubus have been at odds on several major issues in recent years.

The first air conditioner was placed in a Brooklyn printing plant in 1902.

Machines Are Missing in McCool Case

PINE BLUFF, Ark. (AP)—A former business associate of slain Pine Bluff businessman J. Thurman McCool testified Wednesday that 51 business machines ordered by Arkansas AM&N College were among those missing from McCool's estate.

Noah Peek Jr. of England made the disclosure during a hearing in Jefferson County Chancery Court. The discovery hearing resulted from a petition filed by the Remington-Rand Co. in an attempt to locate machines bought or leased from the company by McCool to his firm, the Business Machines Co. of Pine Bluff.

Peek said the Negro college here arranged with McCool to buy 61 business machines on lease purchase contracts dating back to December 20, 1960.

Peek said his finance company at England financed the transac-

First Lady's Trip to Be Filmed

WASHINGTON (AP)—With a \$1,000-a-week director and a \$72,000 budget, the U.S. Information Agency is producing color movies of Mrs. John F. Kennedy's journey through India and Pakistan. USIA Director Edward R. Murrow disclosed this Wednesday after Rep. Elford A. Cederberg, R-Mich., asked about the production.

Cederberg is a member of the House Appropriations subcommittee which handles USIA spending. The Michigan Republican said he thinks the First Lady's tour is "being adequately covered" by newsmen and photographers.

Even if the USIA must make tion, but he quoted AM&N president Dr. Lawrence A. Davis as saying only 10 of the machines actually had been delivered to the college.

Dr. Davis admitted Wednesday night that Peek's statements were true, but declined to elaborate. He said he would testify when the hearing resumed today.

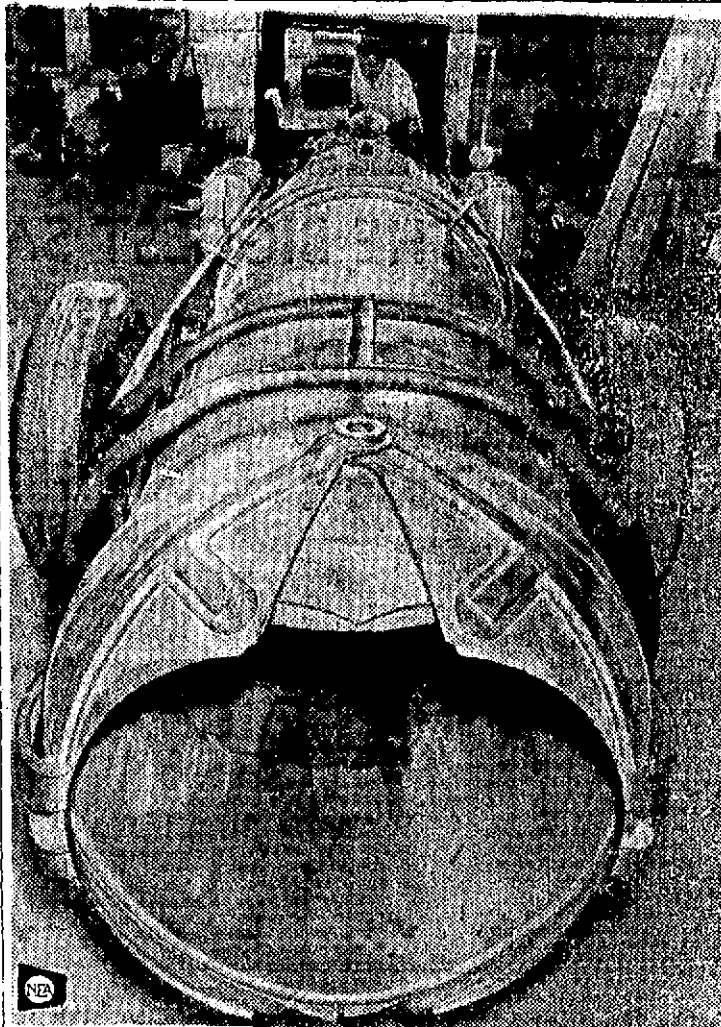

Creditors or other interested parties are allowed to call witnesses who have information concerning the assets of an estate in a discovery hearing, which is held under the state's probate code.

Also testifying at the hearing Wednesday was J. C. Hercher, McCool's brother in law and the administrator of his estate.

Hercher said he had been unable to find the machines reported missing because records of McCool's transactions were missing when he was appointed administrator.

Mrs. Virginia McAdams, book keeper and clerk for McCool's firm, said McCool and Peek kept records in the same ledger. She said she had been unable to find the business machine company's records since Peek claimed his portion of the ledger.

McCool's bullet riddled body was found Jan. 11 in his car near Sheridan. Law enforcement officers in Jefferson, Grant and Pulaski counties have been trying to solve the murder.

ROAD BURNER—This car with the ominous looking afterburner is a 10,000 horse power jet engine out of an F-86-D fighter plane mounted on wheels. Romeo Palamides, rear, of Oakland, Calif., and his driver, Archie Leisanderbrand, hope for a speed between 450 and 700 miles an hour when they make an assault on the world speed record on Utah's Bonneville Salt Flats in August.

the films itself, he said, "I believe the salaries being paid for cameramen and directors to make this documentary film are exorbitant."

Murrow wrote the congressman the movies are being made under a \$45,000 contract with Hearst Metrolite News, Inc. He said that covers a two-reel film of the visit to India, and a one-reel documentary on the Pakistan tour.

In addition, he said, an estimated \$27,000 in U.S.-owned foreign currency will be spent for transportation and equipment secured in India and Pakistan. "After the film is produced, USIA

Maxwell Is Found Guilty of Rape

HOT SPRINGS, Ark. (AP)—A verdict of guilty was returned here Wednesday in the rape trial of William Lee Maxwell, a 23-year-old Hot Springs Negro.

The verdict carries a mandatory death sentence.

Christopher Mercer Jr., of Little Rock, Maxwell's attorney, said the conviction would be appealed.

The Garland Circuit Court jury deliberated 4½ hours and once asked if Maxwell could receive commutation or parole if he were found guilty of a lesser charge and sentenced to life imprisonment.

Judge P. E. Dobbs told jury foreman Edward Longinotti commutation was at the discretion of the governor and paroles were handled by the state Pardons and Parole board.

Maxwell was accused of breaking into the home of a 35-year-old white woman and dragging her out of the house while her 90-year-old father looked on helplessly.

The woman testified that Maxwell dragged her to a vacant lot about a block from her home and there raped her.

The attractive brunette said her attacker wore a nylon stocking partially over his face, but that the stocking had fallen as the two had scuffled.

A nylon stocking was found halfway between the woman's house and the scene of the alleged attack. Laboratory tests introduced earlier as evidence for the state indicated threads from the stocking matched those found on Maxwell the night of the alleged attack.

Hair found in the stocking also was adjudged to be that of Maxwell.

The Negro was returned to the Garland County Jail to await formal sentencing.

Only two Arkansas counties—Madison and Newton—voted for Dewey against Truman in the 1948 presidential election.

Old Papers Tell Chiang Criticism

By FRITZ WITTI

WASHINGTON (AP) — Documents voicing criticism of the war effort of Nationalist Chinese President Chiang Kai-shek are among the long secret China papers of 1943 released by the State Department.

The 901 page collection also includes a 1943 report to President Franklin D. Roosevelt by Maj. Gen. Patrick J. Hurley, who had gone on a special mission to China where he talked with Chiang and U.S. and Chinese military leaders.

Officials said publication of the World War II papers was held up for at least five years because their release might prove offensive to Chiang, now on Formosa.

Although there was no immediate official comment from Formosa on the papers, made public Tuesday night, some Chinese Nationalists questioned the wisdom of the publication.

Prominent Chinese newsmen in Taipei said they thought it unwise to release the papers at a time when the Chinese Nationalists are talking of a comeback against Communist China.

U.S. Ambassador Everett F. Drumright has resigned and returned home from Formosa for undisclosed reasons, but presumably due to opposition to release of the papers.

Hurley's report said that on the whole, Chiang and the Chinese people favor democracy and would follow Roosevelt's leadership. But, he said, the Chinese central government gave importance to "conserving its strength for maintenance of its postwar internal supremacy as against the more immediate objective of defeating Japan."

Hurley was mentioned during hearings of the late Sen. Joseph R. McCarthy, R-Wis., when it was charged that the State Department and some of its representatives in China during World War II had been responsible for withholding aid and handing China over to the Communists.

In August 1944, Hurley became Roosevelt's personal representative in China and in December of that year he became U.S. ambassador there.

Chiang's policies were criticized directly by John Patton Davies Jr., a diplomat fired by the late Secretary of State John Foster Dulles in 1954 on grounds that he

Soybean Acreage 2.7 Million

LITTLE ROCK (AP)—Farmers in Arkansas plan to plant 2,700,000 acres of soybeans this year, six per cent more than in 1961, the Agriculture Department's Crop Reporting Service said today.

The figure would establish a record high acreage for the fifth consecutive year.

Rice acreage is up 10 per cent and cotton acreage is down two per cent, the Crop Reporting Service report showed.

The 1962 prospective planting report for Arkansas also shows smaller acreages of corn, hay, oats, sorghums and potatoes than in 1961 and no change in acreages of barley and sweet potatoes.

The Agriculture Department's Agricultural Stabilization and Conservation Service said about 2,470 hundredweight milled rice was disposed of during the past week by the Dallas Commodity Office. This brings to 51,720 hundredweight the amount of milled rice which has been distributed by the Dallas office since Jan. 1.

Lacked "judgment, discretion and reliability."

Davies, who said on his dismissal that he would be "content to let history be my judge," told U.S. Ambassador to China Clarence E. Gauss in a March 9, 1943 memorandum:

"China's policy is to remain technically in the war so as to be able to sit at the peace table as a fighting ally, to expend as little of its strength as possible and to rely on other members of the United Nations—primarily the United States—to defeat Japan."

George Atcheson, in charge of the U.S. Embassy in Chungking during the absence of Ambassador Gauss, warned in August 1943 that the possibility of some kind of compromise between China and Japan could not be completely disregarded.

He said this was "because of anti-Western bias of the generalissimo, Madame Chiang and a widespread suspicion in Chinese government circles that Great Britain will not, after the crushing of Germany, devote her naval and other resources wholeheartedly to the defeat of Japan, thus making a compromise peace between the Anglo-American allies and Japan probable."

Food expenditures account for 20 per cent of the U. S. consumer's income. French and English consumers spend 30 per cent for food, while Russians spend 50 per cent.

Russia Ready to Cooperate in Space

MOSCOW (AP)—Soviet Premier Khrushchev sent a message today to President Kennedy agreeing to cooperate in exploring space.

He said immediate cooperation was possible in the use of artificial satellites for long distance communication.

Further he proposed close cooperation in the use of space ships in weather forecasting.

The message was read over Moscow Radio.

Kennedy had proposed to Khrushchev that the two powers cooperate in various space programs such as communications, the tracking of satellites, weather research and the measuring of the earth's magnetic field.

The Soviet premier said it was "desirable to have an international agreement" to bring closer cooperation in use of space ships and particularly in giving greater security to astronauts.

Khrushchev suggested the two nations get together in launching observation rockets to the moon and planets.

His letter said all countries should have equal opportunities for space exploration. Therefore, the Soviet government suggested a series of joint research ventures including:

1. Use of artificial earth satellites for a long distance communications system.

2. Organization of a worldwide weather observation service using satellites.

3. Organization observations, both radio and optical, under a joint program of objects launched in the direction of the moon, Mars, Venus and other planets.

4. Pooling of efforts in the study of the physics of interplanetary space and celestial bodies.

His letter replied to the President's letter of March 7 calling for space cooperation.

Khrushchev said Soviet representatives in the U.N. space committee would be instructed to meet the U.S. representatives "to discuss practical problems of cooperation in exploration and peaceful uses of outer space."

Khrushchev went on to express satisfaction that his own proposals for space cooperation made in February "met the necessary understanding on the part of the United States government."

Actually, the Soviet Union had already told the U.N. Committee on Peaceful Uses of Outer Space

Word Games Aid School Performance

DIFFICULTY IN EXPRESSING IDEAS clearly is a prime stumbling block in the way of achieving good marks, from primary level to college, teachers report. Here parents can be of tremendous help in encouraging their children to improve their ability to say what they mean effectively, according to Dr. Philip B. Gove, editor-in-chief of the Merriam-Webster dictionaries. A basic key to this vital phase of home education, he notes, is a good dictionary, positioned for daily use in an easily accessible spot.

A new recreational way to look up words is provided by Webster's Third New International Dictionary which primarily quotes publications and people well known today to illuminate most of the 200,000 examples of word usage. This contemporary approach interests young people in adventuring with new words and varied meanings of familiar ones.

There are 100,000 new words and new word meanings to spark interest and challenge the imagination in this new Merriam-Webster unabridged, notes Dr. Gove. If children make a habit of daily forays into its pages, they, automatically, will improve their skill in self-expression—a prime essential to success in school, careers and human relations.

Even Isle of Manhattan Is Lonely

By HAL BOYLE

NEW YORK (AP) — Whom would you most enjoy sharing your insomnia with? Or being caught with in a traffic jam?

It used to be a popular parlor conversational gambit a generation ago to discuss the question, "If you were a castaway on an island, what five persons in all history would you prefer to have as companions?"

Some time later a variant of this game developed: "What five living people would you choose last as companions on such an occasion?"

The fashionable wisecrack answer was: "Elsa Maxwell, the Duke and Duchess of Windsor, and any two of their friends." The idea seemed to be that a modern Robinson Crusoe would find them of much real help in his building up a desert island from scratch.

Well, even the island called Manhattan can be a bit lonely if

it would help set up an international communication system using artificial satellites.

This assurance by Soviet Delegate Platon D. Morozov was made in New York Tuesday.

Morozov told the 28-nation committee Soviet scientists believe space research had reached the stage where artificial satellites can be used for telecommunications and that the scientists would take part in preparing technical projects along that line.

Morozov also urged international agreement on giving aid to astronauts who might make forced landings on foreign soil. He also asked that legal agreements be concluded for return of artificial satellites that might come down on the territory of another state.

Khrushchev's letter, however, made it clear that the key to agreement on space cooperation would be the conclusion of a disarmament treaty.

He pointed out that rocket techniques for research rockets and missiles were similar.

"At the same time it is clear to me that the scale of our cooperation in the peaceful mastery of space as well as the choice of direction of such cooperation would appear to be possibly to a certain degree connected with the solution of the disarmament problem," Khrushchev wrote.

not downright uninhabitable at times. Two of the dulliest times are when you have insomnia, or are stuck alone in a cab during a hopeless traffic jam.

The other evening, bored with sleeplessness during a bout with a large sore throat and a small fever, I fell to brooding over that old parlor game.

What five or ten people in all history would be most entertaining to have around in periods of boredom or insomnia?

Well, the choices are endlessly fascinating, and I made so many switches it was dawn before I had finished my list.

Naturally, I started off with my wife, Frances, and since two married couples make for better company, I promptly added Adam and Eve. Everyone is naturally curious about how life was in the old days, and I'd give anything to hear Eve's version of what happened in Eden.

Then I picked Helen of Troy and Cleopatra, the two feminine trouble-making beauties who have perhaps most stirred men's dreams.

Next I decided on three trouble-making, civilization shakers—Julius Caesar, Napoleon Bonaparte and Adolf Hitler.

And to more than balance that warring trio, I added four of the wisest men who ever lived—Socrates, Jesus of Nazareth, Confucius and Voltaire, each of whom had a different insight into the human soul.

For further spice I put in Sam Johnson, the world's greatest conversationalist, and three moderns—poet Robert Frost, mystery writer Mickey Spillane, and Toots Shor, who could settle any arguments that might arise over Babe Ruth's batting records and similar high-level quarrels.

But no group is altogether congenial without some singers. So I tossed in three that entertained millions—John McCormack, Enrico Caruso and Al Jolson.

Well, instead of five or ten, I wound up with a list of 19—and I still had left off a ragtime piano player, which you really need at any good informal get-together.

Statue Stolen

PHILADELPHIA (AP) — Police reported Monday a bronze-plated statue, known as a sailor and his sweetheart, by the Russian sculptress Chana Orloff, was stolen from a temporary pedestal in the courtyard of the Philadelphia Museum of Art. Police said the statue was 38 inches high and weighed more than 200 pounds.

Kissing Kin

Yes, and double trouble. Even the most admiring mother will recognize the problem: finger-prints and smudges. And what the baby doesn't know, smart as he looks, is that there is a new way to take care of that. Mother will move in with a sponge soaked in a pine cleaner solution. Then, with one swipe, she can disinfect and clean the surface — ready for the next (germ-free) meeting of a mutual admiration society.

You've never tasted cottage cheese this high in flavor!

Borden's Alpine Spice Cottage Cheese

Brand new and especially for you who like food a little high-spirited. Borden's Cottage Cheese is deliciously creamed and fluffed, then blended through and through with tiny bits of chives, parsley, minced onion and a sprinkle of caraway seeds. Borden's seasons it so your salad is made the minute you mound Alpine Spice Cottage Cheese high on fresh greenery. You'll like the cool, fresh lift it gives spring meals.

Delicious, refreshing . . . and low in calories

Believes New Agency Must Be Science

Arkansans in Washington
By GORDON BROWN
Associated Press Special Service

WASHINGTON (AP)—Sen. John L. McClellan, D-Ark., believes that if any new federal department is to be set up, first call should go to one dealing with science, aeronautics and space.

To that end, he recently urged the Senate to approve his bill which would set up a commission to study whether there is a real need for such a department.

McClellan, who strongly opposed President Kennedy's proposal for a Department of Urban Affairs with cabinet status, said a Department of Aeronautics, Space and Science would be much more directly concerned with federal responsibility than would an Urban Affairs Department.

It would involve, he told the

Senate, problems of general interest rather than special groups or areas.

"A Department of Science and Technology or of Aeronautics and Space would involve some of the most important and essential fields of federal activity dealing directly with problems of vital importance to all our people.

"By whatever name such a department might be called, the functions of the national Aeronautics and Space Administration—and its contributions toward developing basic science, our national defense program, and the future security of the Nation—would be the major function and perhaps the most dominant activity of the new Department."

In urging creation of a commission to study the matter, McClellan said it is imperative for the United States to maintain its lead in scientific development and technological achievement.

There should be no further delay, he said, in a complete re-evaluation of present federal operations in science, research and technology.

McClellan said the most serious

defect in existing federal science program is the lack of any central administrative agency with authority to develop a government-wide program. There is, he said, an urgent need for coordination of existing basic science and technological programs so as to eliminate waste and duplication.

Therefore, he said, it is desirable for Congress and the President "to determine whether an adequate and responsible administrative structure should be established in the executive branch headed by an operating official of Cabinet rank."

Rep. E. C. Gathings, D-Ark., has tabulated the several thousand replies he has received to the questionnaire he distributed in his eastern Arkansas district asking opinions on some of the issues of the day.

There was a considerable disparity of opinion, from question to question.

The nearest to a unanimous opinion was whether Gathings' constituents approve the U.S. embargo on shipments to Cuba. On

this 95 per cent of those replying said they approved 3 per cent didn't and 2 per cent had no opinion.

Gathings asked two questions dealing with the proposal that the United States purchase up to \$100 million in United Nations bonds to pay expenses incurred in the Congo.

On a question of approving the proposal, 72 per cent approved and 19 per cent were in favor with 9 per cent having no opinion.

But on the question "would you favor buying these U.N. bonds if the failure to do so could or would mean the collapse and liquidation of the world organization?" a total of 48 per cent said no and 43 per cent yes with 9 per cent having no opinion.

Results on some of the other questions:

"Do you favor balancing the budget even though it could mean the elimination of some of the federal services now provided or being proposed?" Eighty-three per cent yes, 14 per cent no and 3 per cent no opinion.

"Do you approve an all-out effort

to be the first nation to place a man on the moon although such effort would entail the expenditure of several billion dollars?" Twenty-six per cent yes, 66 per cent no, 8 per cent no opinion.

"Do you favor building and maintenance of the strongest defense of any nation in the world?" Eighty-seven per cent yes, 8 per cent no, 5 per cent no opinion.

"Would you favor a tax bill which would stop up any loopholes in the present tax laws even though it would carry a compromise provision which would tax savings accounts, dividends and interest?" Forty-four per cent yes, 47 per cent no, 9 per cent no opinion.

An interested visitor to the Capitol recently was Lloyd Spencer, of Hope, Ark., former U.S. Senator.

Spencer, appointed to fill a vacancy, served two years in the Senate, from April 1, 1941, to Jan. 3, 1943. He did not seek election and was succeeded by Sen. McClellan.

Spencer, who said he gets to Washington occasionally, noted

Rutgers Coach Resigns Post

NEW BRUNSWICK, N.J. (AP)—Rutgers University's head basketball coach, Anthony R. (Tony) Kuolt, 37, has resigned.

The resignation was announced Tuesday night by Albert W. Twitcheell, Rutgers athletic director, at the annual basketball banquet.

He said Donald S. White, 64, was named to replace Kuolt for one season while a new coach is sought. White was varsity basketball coach from 1945-56.

Personal reasons were cited for Kuolt's resignation.

Kuolt's teams compiled a 32-37 record. The record for the past season was 10-13.

Loans to N. L. R.

WASHINGTON (AP)—The Public Housing Administration at Washington approved Tuesday a \$20,000 loan to help North Little Rock, Ark., plan construction of 200 low-rent homes for the elderly.

that numerous changes have been made in the Capitol and office buildings since he served.

WASHINGTON (AP) — A trial examiner of the National Labor Relations Board recommended Monday that Blades Manufacturing Corp., Rector, Ark., be cited

GOP Chairman to Speak April 6

FAYETTEVILLE, Ark. (AP) — William E. Miller, chairman of the Republican National Committee, will speak at a political rally here April 6.

Winthrop Rockefeller, Republican national committeeman for Arkansas, said that the rally, for the northwestern part of the state is sponsored by Washington County Republican organizations.

Miller will be accompanied to Fayetteville by I. Lee Potter, a special assistant to the chairman, and Ab Herman, national committee campaign director, Rockefeller said.

for unfair labor practices in refusing to bargain with the Machinists' union. The recommendation was made by Thomas F. Maher and is subject to action by the board.

Only Georgia raised more broilers than Arkansas, last year.

Division of Planning Awaits Funds

By JOHN R. STARR

LITTLE ROCK (AP)—Creation of a state Planning Division is waiting now on approval of an application for \$66,000 in federal funds.

"We filed the final application March 8," said Norman F. Williams, director of the geological and Conservation Commission. "We don't expect any trouble. It just takes time to process these things through federal offices."

Williams estimated approval would come in four or five weeks. The \$66,000 will go a month \$25,000 in state money provided for the agency by a 1961 special legislative session and \$40,000 worth of services to be provided for other state agencies.

"I think we can be ready to

Some Facts of Life in Arkansas

By J. C. TILLMAN

Associated Press Staff Writer When the Jake Holmans went to the state basketball tournament in Little Rock recently, they left a year old Mike at home.

During one of the games, they spied a youth about seven seats away and began to think maybe they hadn't left Mike at home after all.

Toward the end of the game, the boy walked right down in front of them and Holman couldn't resist calling, "Mike."

Puzzled, the boy turned around, move within two weeks after we get word the grant will be approved," Williams said.

The Geological and Conservation Commission, which will administer the new department, set up preliminary machinery earlier this year.

It has on file several applications for \$9,600-a-year post of director of the division. "Several of these are qualified men," Williams said. "I'm sure we could hire one of them and get the job done."

Commission Chairman Martin Borchert of Little Rock will call a meeting for formal hiring of the director as soon as word comes from Washington.

"We visualize this agency as an encyclopedia of related information of the state's natural, economic and sociological structure," Williams said. "We feel that a proper picture of economic areas of the state will aid the industrial development drive."

"For example, we can assess the needs of an industry, then match those needs to a specific area."

The state's application for federal funds first was filed in January, Williams said, but a government attorney questioned whether the legislature actually had committed any funds for planning.

"We got an attorney general's opinion that not only was the money committed, it couldn't be used for anything else," Williams said. "Of course, the government could take the matter to court."

But Williams expects no legal delays because Congress expressed an interest in state planning when it approved two for one federal matching fund for this purpose in June, 1961.

Before then, federal funds were available on a 50-50 basis up to \$50,000. Beyond \$50,000, the federal government took no part. Now the state can apply for a new planning grant each year.

"Initial work of the agency—drawing up the basic overall plan—will take about 18 months," Williams said. "But a lot of work will remain after that. Planning is a continuing job."

The appropriation for the division provides for a director, a secretary and a draftsman on the office staff. Most of its funds—\$60,000—is allocated for consultants' fees.

"We'll have to decide whether the consulting job will be turned over to one large firm or be divided among several firms," Williams said.

There is not much precedent for setting up such an agency, Williams added. Hawaii is the only state which now has a comprehensive state plan such as Arkansas envisions.

"We're studying Hawaii's plan to see if there is anything in it that we can put to use here," Williams said.

The Woman's World by Lady Pepperell

New Fashions in Living Exotic, carefree island in the sun—this is Cotton Cay, new home of the young Pepperell family.

The spot is the "desert island" so many people dream of.

"Our dreams came true," writes Paul Pepperell. He decided to take along the best of "civilized" life—and leave the rest behind.

Heather, who brought her grandmother's Recanier sofa, Chippendale chairs and prized pewter, says, "Our customs mystified the local inhabitants. On our first day, we heard strange twittering sounds which we thought came from birds. They belonged instead to the island girls who were enchanted by Susan's and my clothes. They considered us the most chic of Parisiennes...though our sports-wear came directly from New York."

Heather's pretty young helper around the house waits eagerly for each mail-boat, with its fashion magazines.

"Over her bed, is a photo of us which appeared in the Pepperell fabric advertisement in the New Yorker and Sports Illustrated."

"She can't wait for the boatload of new Spring fashions from America. We've heard that our sturdy Pepperell denim is popular at home. Its easy-care virtues will be most welcome on Cotton Cay, where we want everything, even wash day, to be fun."

He was a "dead ringer" for their son.

They explained the resemblance to the boy, who told them he was 10 years old and was from Helena. About that time the game ended and they never did hear his name.

"It was the strangest feeling," Holman said. "The two could pass for identical twins."

The area round Clarkdale has been discovered as a "mecca" for Indian relic hunters. Leroy Miller

of West Memphis went out to get some dirt for flowers and saw several people, armed with shovels and steel rods, poking about in an open field.

He became interested in their activity and finally borrowed one of the rods and started pushing it into the ground. About 15 minutes later, he discovered a skull believed to be that of an Indian buried for about 700 years. Finds of smaller items, flint

rock, arrow heads, pottery, etc., are being reported often.

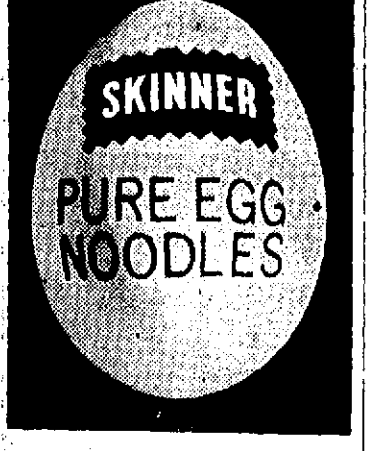

Seems the land between Clarkdale and the old Mississippi River levee was either a burial ground or battlefield at one time.

Near Madison, a bright red and orange object spotted by Siles Brown and Wadell Sikes, two Negroes cutting timber, turned out to be a radiosonde launched from Little Rock to gather weather data. Brown climbed some 70 feet up

the tree to retrieve the object a white cardboard box filled with complicated electronic equipment, dangling from an orange paper parachute.

They followed directions and mailed the package to Joliet, Ill., where apparently the data gathered by the rig will be processed.

Tourist officials estimated that 5,822,778 tourists visited Arkansas in 2,450,000 cars during 1957.

Nixon Erred About Cuba, Dulles Says

By HARRY KELLY
WASHINGTON (AP)—Allen W. Dulles, former director of the Central Intelligence Agency, says Richard M. Nixon was in error when he charged that President Kennedy had been briefed during the 1960 campaign on Cuban invasion preparations.

Dulles said, however, he believed the charge—contained in Nixon's new book "Six Crises"—was the result of "an honest misunderstanding."

Nixon contended Kennedy had been told the CIA was helping to train Cuban rebels for an invasion and had jeopardized the plan in campaign oratory.

The White House denied this Tuesday, saying Kennedy knew nothing of the invasion preparations until after he was elected and that Nixon's "account is apparently based on a misunderstanding."

White House press secretary Pierre Salinger said Dulles had twice briefed Kennedy during the presidential race but that the briefings consisted mainly of a broad review of the world situation.

In a memorandum Dulles said, "There has been here, I believe, an honest misunderstanding. This was probably due to the nature of the message Mr. Nixon writes he received as to these briefings. The Cuban situation was, of course, dealt with in the briefings I gave Sen. Kennedy."

"My briefings were intelligence briefings on the world situation. They did not cover our own government's plans or programs for action, overt or covert."

In Los Angeles, Nixon's office said it had no comment on the Dulles or White House statements.

Nixon, who now is a member of a Los Angeles law firm, is seeking the Republican nomination for governor of California.

In his book, the former vice president said Kennedy had forced him into a dilemma on Cuba during the campaign. This was, he said, the only time during the race he got angry at his rival.

Kennedy, said Nixon, called for action to "strengthen the non-Batista democratic anti-Castro forces in exile and in Cuba itself who offer eventual hope of overthrowing Castro."

He did this, Nixon contended, after having been briefed about the training of Cuban exiles.

Nixon said that Kennedy's call for stronger action put him on the spot and forced him to take a public stand at variance with his actual views because "the operation had to be protected at all

Light Plane Is Reported Missing

LITTLE ROCK (AP)—A light plane which left Fort Smith Tuesday for Houston, Tex., is missing, the Civil Air Patrol said today. A search was begun.

Four Houston men were on board.

The CAP said the plane, piloted by Glenn Draper, flew through a squall line in west Arkansas and was last heard from in the vicinity of Mena.

The other men on board were Jack Parker, W. R. Parker Sr. and E. K. Parker Sr. of Houston. Their ages and relationship was not known. The plane, a black and white twin-engine Aero-Commander, was owned by Parker Aviation Co., Houston.

The CAP said it did not know whether the men had been in

Fort Smith on business, or whether they had stopped there on their way to Houston from another point.

The pilot was requested not to take off at Fort Smith, in view of the violent weather, the CAP said, but Draper said he would fly around the weather. The plane left Fort Smith at 11 a.m.

Texarkana radio, tried to contact the plane, but received no response.

The CAP began its search this morning. It requested all person

Services Will Not Be Integrated

LITTLE ROCK (AP)—Secretary of State Nancy J. Hall said today she would cancel the traditional Easter sunrise service on the state Capitol steps rather than allow them to be integrated.

"My great concern is that an integrated program might lead to an incident and it would be most regrettable to have an incident during an Easter service," she said.

Mrs. Hall said she is being pressured by some Negro leaders to integrate the services on April 22. "The Negro children always have been invited to attend the services, but never have been on

the program," she said. She said she offered the Negroes a program of their own, but they declined. "I asked them what they wanted to do on the program and they said they didn't know, they just wanted some colored children on the program with the white children."

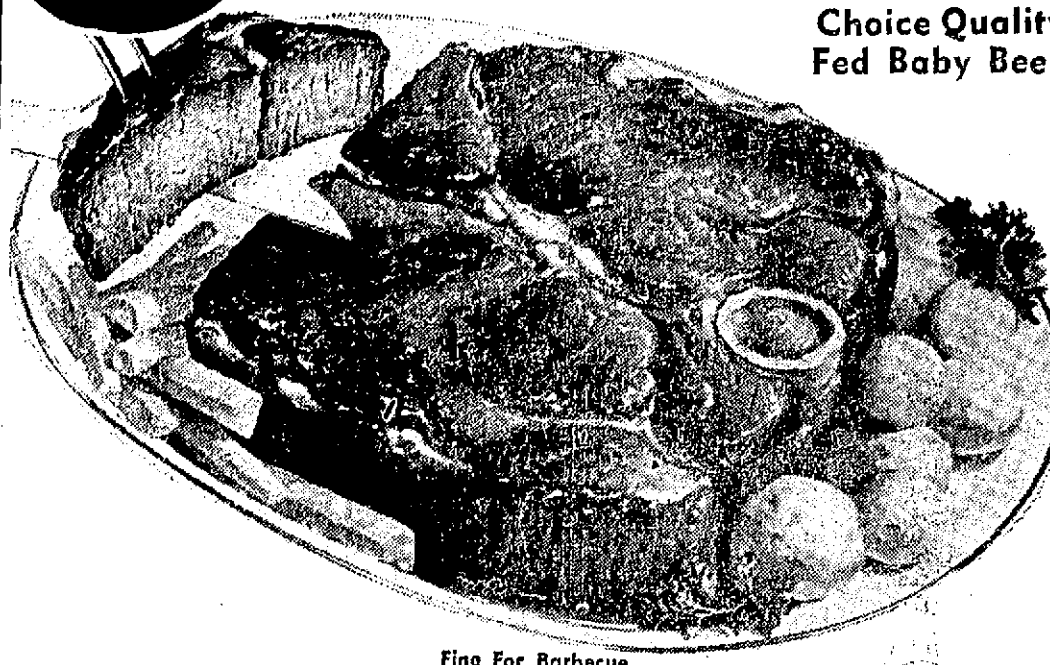

The program has been sponsored by the United Christian Youth Council, but the group has become inactive, and the service this year will be sponsored by the Directors of Religious Educa

tion of Greater Little Rock. Mrs. Hall said she furnishes the loudspeaker, chairs and podium, but that "Anything that happens on the steps of the state Capitol is my responsibility."

The bola, a weapon made of weights connected by thongs, was used by primitive people some 400,000 years ago. The ancient hunting device is still occasionally employed by the gauchos of South America and by some Eskimos.

After Riots, Algeria Is Peaceful

By ANDREW BOROWIEC
ALGIERS (AP)—Bloody clashes between Moslem mobs and French troops in Algeria's interior gave way today to peaceful demonstrations. French headquarters reported.

The French said at noon there had been no reports of clashes between French units and Moslems anywhere in the North African territory.

The army said "localized effervescence" of Moslem crowds continued in a number of villages but that "all demonstrations are being handled peacefully."

The announcement was in sharp contrast to the bloody 36 hours following Monday's ceasefire proclamation in which at least 70 Moslems were killed and nearly 150 were wounded by the gunfire of French troops and European extremists.

Algerian guerrilla commanders made their first formal contact since the ceasefire with the French army and staff officers said the meetings were "correct, dignified and even cordial."

Army sources said men who identified themselves as officers of the Army of National Liberation appeared at French Gendarmerie headquarters late Tuesday night to talk about keeping peace and common action against the European extremists of the Secret Army Organization.

French officials said that more blood had been shed in the 36 hours following the ceasefire than in any similar period in the past five months of intense terrorism. While terrorism, 4th Graf 110fa22

Arguments in Murder Trial

HOT SPRINGS, Ark. (AP)—Attorneys presented closing arguments today in the trial of Billy W. Maxwell, a 23 year old Negro charged with raping a white woman.

The case was expected to go to the jury later today. The prosecution ended its testimony Tuesday, and the defense rested without calling any witnesses.
